

Hi I am Prince Arthur Philip George, the only son of Queen Elizabeth II and Prince Philip born in Buckingham Palace in London August 30, 1981. It is me who in the process of recovering my identity and being free went in Accra in February 2014 for doing the visa of our Kingdom under the name of Hassane Issoufou, a Nigerien born on September 28, 1983 (as that was the false and criminal identity that was forged me for registering me at school) in Dosso, Niger. The transit visa I requested was denied to me but I was recognized by UK Visa and Immigration service in Accra as British and was given with the same decision on the visa refusal an authorization to enter in our Kingdom through the Post Reference: Accra/ 817783 (see a scanning of passport and of the Post Reference on page 7) that was marked on my passport on February 14, 2014. And the authorization to enter in our Kingdom was done through an unclassified document which references I gave. Few months later, in March 2014 I made progress in the uncovering of my identity and requested a British Passport under the name of Joseph Hassane born on August 30, 1981. My passport application number is 2279337365 and the authorization code is 981219. Here is your email address through which I sent you those passport files: Durham International Team 12 <DurhamInternational@hmpo.gsi.gov.uk> . Since then I sent you through emails many proofs of my citizenship that you declared not seeing, I did not until now received my passport. It was recently that I uncovered my total identity, with endless proofs.

Below follow is a short narration of my identity and the injustices I have been victim

I was born Prince Charles Philip Arthur George (Prince of Edinburgh) in Buckingham Palace on August 30, 1981 from Queen Elizabeth II and Prince Philip. It was during my mother visit in my boarding school of Cheam in London on April 13, 1983 that I was taken out of the school by my mother who wanted to deport and jail me Niger by hiding it in a world tour. So that I would not succeed her as King; and would be replaced as heir to the throne by Prince of Wales that she wanted to succeed her illegally.

That day, I was deported to LA, America with my parents and the other members of my family through an official visit of my mother there. In California, we stayed in the then American President, Ronald Reagan's ranch, Rancho Del Cielo. Later the date of the visit was brought back to March 1983 to hide my deportation. With my mother and the members of my family, we spent 4 months in the ranch visiting many American States, and neighboring countries as Canada.

On September 28, 1983 with my mother, we attended the G7 Summit in Williamsburg, Virginia. At the end of the Summit, my mother, Ronald Reagan, Francois Mitterrand and 5 mercenaries recruited in African countries (Oscar Wild, Jean Bradley, John Martin, Hanna Sean and Sophie Humphries) by the then American Vice President, George Bush for my mother; left Virginia in Air Force One to attend the Cure Salle annual festival in Agadez, Niger. We arrived in Niamey on September 31, and on October 01 we attended the festival, the next day we visited Diffa where my mother planned to let me jailed by the five above mentioned mercenaries.

On October 05, she left me jailed in the hands of those 5 mercenaries and some members of my family who all left me on October 13 in the hands of those mercenaries. My mother, Reagan and Mitterrand continue their tour intending to hide the deportation. They went in Kenya, Sierra Leon, Denmark, Sweden, Norway, and Germany on October 21 of the same year, from where Mitterrand went in Paris, my mother and Reagan continued in London.

As soon as Queen Elizabeth II went back in London the news broke and was revealed by the Medias 'The Queen let imprisoned her son in Niger...' She denied that by saying that her son was with her, when she replaced him by Mark Philips a kid that looks like him. Elizabeth II, uses her Royal prerogative of not being sued by British Court, to refuse to go in court. The issue created a political crisis in UK and the world. It was of very little that the world did not sink in World War III due to it with especially the Able Archer missile crisis in November, and Nichola Petrov's crisis. She even declared war to Russia on 1983's Christmas in the wave of the planetary crisis my imprisonment created because I was deported and imprisoned in Niger with the complicity of foreign leaders: America and France. The UN even adopted a resolution to demand my release.

Since my mother let me in Diffa, Niger in October 5, 1983 in the hands of that same 5 mercenaries they are imprisoning me there until now. They kept me in Dosso from December 06, 1983 to the end of 1984, and in many places of Niamey, the capital of the West African country. They are currently jailing me in the country in a mixing of house arrest and arrest. The entire country is transformed as the country of my arrest through the use of France, America, Great Britain, Russia influence in the country. No matter where I go in the country, only their mercenaries surround me, roads, places are quarantined and filled with their mercenaries to prevent anyone frees me. The house arrest is done by surrounding the house in Aeroport (a countryside-suburb area

of Niamey, few yards from the Diiori Hamani Aeroport de Niamey) in which I am keeping by towers run by the countries responsible of my imprisonment. But the mercenaries that were imprisoning me directly are Oscar Wild and Iren Samson both received by my mother in Buckingham before my deportation in 1983.

My mother received in 1983 Oscar and Iren by covering it as receiving the former Nigerian President Yakubu Gowan and his wife in Buckingham. Queen Elizabeth II also received the other mercenaries. For example she receives John Martin by covering the meeting by that of the former Kenyan President, Daniel Harackmoi in Buckingham Palace. Nonetheless, Iren Samson was in 2015 falsely declared dead for retrieving her from the imprisonment circle.

In r) Queen Elizabeth II, Prince Philips behind her the mercenaries Jean Bradley and John Martin in LA before the trip to Virginia from where they deported me to Niger S) is our arrival in

LA (USA) in Ronald Reagan Rancho Del Cielo, we are welcome here by the Reagans, I did appear in this picture as I was behind my father.

Oscar forged me a criminal and illegal birth certificate to declare me born in Niger, changes my name to Hassane Issoufou and declared me as their son to register me at school. I studied from primary school up to the university (I did the English Department of Faculty of Letter and Human Sciences in Abdou Moumouni University of Niamey) where I had a **Master II (see my Master II diploma and credit report on page)** in May 2015. Over the years they brought kids to hide my imprisonment by simulating a false family. It was on February 02, 2015 that I presented my Master II thesis. But my mother's system and her accomplices are preventing me getting a job since, it is totally jobless that Prince Charles is jailed because even the humanitarian teaching position that I did between 2013-2017 where blocked by them, so that I did not have even the smallest coin to attenuate my imprisonment. They also cleaned my memories and blackened me superficially, though at first sight, my whiteness and my resembling to my mother, Queen Elizabeth II appears.

Before my deportation and imprisonment, without me having nothing to have with them from close or far, Queen Elizabeth II and her accomplices have staged the kidnapping of many American kids that they were planning to use to hide the sacrilege the killing of Prince Charles, heir to the British throne so that the huge scandal will not reach UK and the Queen to end her reign. It is American political authorities that Queen Elizabeth II corrupts to play this shameful, criminal and clearly fatale politics of fusel, intending to hide the sacrilege (the killing of the British heir to the throne). For example on April 17, 1983 while Prince Charles was in LA with his mother, and never go in the American county of Galveston, the same mercenaries that were jailing him in Niger: Oscar and others, were made simulated the kidnapping of an American kid named Joseph John Jason that looks like Prince Charles. So that when the sacrilege will be done, they will declare that it is that American kid that they kidnapped that dies. They develop also another program of covering up the imprisonment of the British Prince as that of another American kid, a half cast son that they name Joseph Hassane, the latter name being the cover up name they give to their mercenary, Oscar Wild. They cover up the kid as the son of Oscar Wild and Princess Diana (Princess Diana real name is Iren John, she is the daughter of John Jason an unreported son of King George VI. John Jason was the fusel man that links America to those parallel programs and my mother. In fact it is according to the deal of playing the fusel man of my mother that she had her daughters married by Prince of Wales: Princess Diana and Camilla Parker (Silvie John); Prince Andrew married his third daughter, Sarah Ferguson whose real name is Marsha John).

Moreover, all those cover up were created as well, for example the mercenaries as Oscar and Bradley were simulated married to Princess Diana. For example Oscar and Princess Diana had a daughter in 1979 who is currently living in Niger (she had the whiteness and physical aspects of her mother) and a son Nicholas in 1989 who is in the USA. Do not even be surprised to hear the greatest of all, Queen Elizabeth II married Oscar Wild the mercenary always for attenuating at last resort the impact of the scandal on her reign, and for real the option is prepared as well. In addition, Queen Elizabeth II deported and imprisoned her son in Niger, with the complicity of then British Army Chief of Staff, John Stanier, to who whom she was also married in option and even have children.

Even in Niger, they have prepared many similar programs. For example they recruited lot of Nigeriens and Africans that look like me, that they trained to cover up living my political prisoner life in Niger. In other words attended the same schools and university I did. So once they do the sacrilege they will hide Prince Charles' body, and replaces him by one of those recruited mercenaries who will replace him in the jail for months and even years as he is not dead. And later they will declare the person sick and dead, and on the other side bury. Currently, in UK and all around the worlds endless articles were written directly on my deportation, imprisonment in Niger and the false and criminal replacement by Mark Philips, whereas my optional replacement by Prince of Wales is accepted by no one. All the authorize peoples and institutions: Countries, Presidents, Prime Ministers only refer to him as Prince of Wales. They themselves, they only refer to him as Prince of Wales in formal occasions and even in informal occasions they hide the usurpation of identity and title. And whenever I go in the open sky jail those doubles in African version follow me.

Oscar takes directly his orders regarding my imprisonment from Queen Elizabeth II who calls him regularly directly or indirectly through Jenna Bush the daughter of the former American President W. Bush who also is under the influence of my mother. She inherited the role from her father and grandfather George Bush. Most of the time, Oscar is called on his phone number 96107567. It is Queen Elizabeth II that is covering all the financial cost of the imprisonment of her son since 1983.

Nevertheless, the primary leader of my imprisonment is the Socialist circle created in 1983 by the then French President, Francois Mitterrand. This circle's leaders are working officially in the French Embassies. For the circle to have huge power on them they were

forged false Nigerien nationality. The circle uses its influence in the Nigerien Army to jail me with the complicity of the country political authorities. After the French Embassy it is the American and Russian Embassies that lead those mercenaries as they have been all given American nationality since America where they are trained. The day French and American and Russian Presidents have direct influence on those mercenaries through their countries' Embassies in Niger which lead them in a very organized pattern at an extent it is even inaccurate to call them mercenaries whereas their appropriate appellation is jailers. For example Oscar Wild is even a CIA and MI6 agents and a former American marines that attended the Golf war in 1991.

Prince Charles and through him UK (Prince Charles is the Heir of the British Throne) is given to enemies to be imprisoned. The tortures, humiliation and killing attempt Prince Charles is victim does not only come from Queen Elizabeth II who knows about them, and who is always at least a passive accomplice of them. Because she gave her son, the Prince Heir to throne to rival countries hoping they would help her kill him, and prevented him succeeding her. She knows quite well those countries will use the British Prince Heir to the Throne to blackmail UK and its Government, taking revenge on it whenever they feel attack by it. Whenever those countries on the political ground, feel unhappy or anger by UK, they automatically tortured, humiliating, and attempt sickening Prince Charles for hurting UK. They tortured and humiliated him just for being unhappy of the British political leaders even when Prince Charles was made forget his identity and origin in awareful articulated form as before the 2010 period and had absolutely nothing to have with their feuds.

After I was let imprisoned in Niger in 1983, Mark Philips who was used to hide my imprisonment, continues to fulfill my duty of Prince Heir to Throne until 1998, when with the complicity of the head of monarchists, Ben Stuart, my mother declared me having a heart attack, fall in coma and was kept since then in Wellington hospital of London. So that Prince of Wales serves as interim heir to the throne until I woke up from the coma, when in fact I am jailing in Niger.

Prince of Wales was portrayed as adoptive son of my mother, but gradually Queen Elizabeth II was using her influence, where she can with the medias to usurp my identity and title that they want to give to Prince of Wales. Of course they are doing this usurpation smartly, indirectly, such way not to appear doing the crime of the usurpation of my identity and title. Prince of Wales by himself of his living; refer to himself as Prince of Wales on his website. It is only in very few counted occasions and in confusing way that he refers to himself as me, Prince Charles, the only son of Queen Elizabeth II, heir to the throne. Though globally he kept his name and identity of Prince of Wales, a Prince among many, different of Prince Charles, the heir to the throne. It is to be noted either the British Government, and foreign Governments do not accept or participate in the crime of the usurpation of my identity and title. They refer to him as Prince of Wales, never as Prince Charles, or heir to the throne. Below are some examples: a) Francois Mitterrand Institute talking about his meeting with Prince of Wales by only using his real name cited just before: <http://www.mitterrand.org/Francois-Mitterrand-et-France-Gall.html> , b) The White House during W. Bush Presidency covering a meeting with Prince of Wales, Bush just as the White House refers to him as Prince of Wales : <https://georgewbush-whitehouse.archives.gov/news/releases/2005/11/20051102-17.html> and <https://georgewbush-whitehouse.archives.gov/visit/uk/> , c) The White House under Barack Obama reporting a meeting between Obama and Prince Wales; Obama just as the White House refers to him as Prince of Wales : <https://obamawhitehouse.archives.gov/blog/2015/03/19/royal-visit-prince-wales-and-duchess-cornwall-visit-white-house> , d) An official statement of the British Government only referring to him as Prince of Wales: <https://www.gov.uk/government/news/the-prince-of-wales-and-the-duchess-of-cornwall-join-families-at-ceremony-for-victims-of-overseas-terrorism> .

Meanwhile, in Niger when Prince Charles is jailing since 1983 a very criminal and shameful mediatic blackout regarding my identity and title was launched in the country with the complicity of America, France, and Great Britain. All the Medias even public ones as BBC, RFI or newspapers on air, on paper version or online broadcasted a special version presenting totally Prince of Wales, as Prince Charles and heir to the throne. So that the Nigerien do not know who is jailing among them.

It is to be noted that all the false Princes and Princesses of my mother and the council were dead. For example all the following ones are dead: Princesses Eugenie and Beatrice, Princes Andrew, Edward, William and Harry; Princess Anne, Countess Sophie and her children, Kate Middleton and her children, Prince of Wales, Zara Philips, Meghan Markel, Jack Brooksbank and Camilla Parker. In the same vein of their obsession to kill me, Prince Charles combined with their politics of division of our Kingdom that led to the 2017 Scottish referendum claim; a shooting broke in Westminster by the end of March 2017 among the MPS. At the end of the shooting all the Scottish and Irish MPS were killed, many English MPs were killed. Also that day the Prime Minister Theresa May and

Jeremy Corbyn the leader of the opposition were killed also. Even Prince Philip was dead in 2007. All those persons that were dead were replaced by persons that wore plastic masks to play their roles.

All the different crimes or high Queen Elizabeth II has done, she did them with her support in the British Army. There are many of those unlawful actions that were recommended to her by her support in the army through the British Army Chief of Staff of the time. Thus she deported and imprisoned her son, Prince Charles in collaboration with John Stanier the then Army Chief of Staff. As the Queen is becoming old from 2012 up to today, and almost senile those Army Chief of Staffs power and grip on power became stronger. They even many times attempt make her a palace coup as in December 31, 2014. Most of those key military chiefs who occupy the positions during the previous years and who though replaced continued to keep their power and influence on her influence were dead. For example John Adriaingham though no more Army Chief of Staff in 2014 was de facto chief of the army from that year up to 2017 where he was killed. After his death many took the positions and die, there are Mike Roberts, Peter Whales, Nick Carter, Coltron. Their illegal and illegimat attempt to make the impossible coup against our Kingdom by placing someone in the throne who did not have right to it, lead to their death. Currently, almost all the senior and top British military officers were dead; at an extent it is a person who wore plastic masks of Nick Carter that occupies the position of Army Chief of Staff.

Currently, they (Queen Elizabeth II and her accomplices in the army) are planning to use the wedding between Princess Eugenie and Jack brooksbank to do an impossible military coup by placing in the throne someone who does not have right to it, or by transforming our Kingdom in Republique. For that they signed deal with many Parties as with the American Party GOP; and daily they are trying to kill me before the wedding. To do the impossible military coup they are even planning to create a world war III for achieving their goal.

Moreover, Prince William was not son of Prince of Wales but son of Princess Diana and her 1980 driver, a Congolese named Francois Bingo, who even sued them to have his paternity recognized. Whereas, Prince Harry was not even British, his both parents are Americans; his mother is White and father an African American, Charles. Whereas, Prince of Wales and Princess Anne were children of King George VI and the Queen Mother. Prince of Wales even attended Princess Elizabeth and Prince Philip wedding, he was then aged 5 as you can see him in the original videos of the wedding (**See page 6**). Original because for hiding my imprisonment in Niger, recently my mother edited all the key events of her life and that of our Family, to put me in perspective of Prince of Wales. You can see those shameful and criminal videos on Medias she controls.

I have many proofs to demonstrate my deportation, and imprisonment with the different responsables. For example I have the precious picture of the arrival of my deportation team in Diiori Hamani Aeroport of Niamey. In the picture you can see my hand and that of Zara Philips holding by Princess Diana, just behind us were my mother, Queen Elizabeth II, Ronald Reagan; Francois Mitterrand and Oscar Wild (see page 5). I have also pictures that show how I was gradually superficially blackened in Niger. I was superficially blackened during that last 35 years with the very harmful bismuth, many antibiotics as cyclocline, and the Addison's disease. Already when in the blood the quantity of bismuth exceeds 100mg a white person turns black. Whereas my memory was cleaned with bismuth, many antibiotics, injections and through brain washing by narrating false histories. Nevertheless, the first main agent of my maintaining superficially blackened is not certainly the Addison's disease which is the second factor, the bismuth especially in its gas form. There is not a single day I am not gassed with in very small quantity most of the time, and great quantity when they want to kill me. Those times they gas me with its high quantity without the legalists who gas me with attenuating gas, I am surely dead right now. They gassed me with gas bismuth with their mercenaries on whom they put the gas. Some times, they just spread it on street on which I walk. Sometimes when they spread it on street and do not hide its odor with a parfum or another gas as burning rubbish order I feel the bismuth odor. It has a very heavy odor as that of lacrymogen. For example in the campus of Abdou Moumouni University many times I was gas with it this year. This is a serious violation of the political prisoner rights. Still at first sight you see my whiteness with my blond hair and blue eyes and my stunning resembling of my mother.

The pictures a) b) and c) (They were respectively snapped in Diffa in 1983, in Dosso 1983 and in Niamey in 19991 (Prince is Charles is the last on c).) show also how gradually Prince Charles has been superficially blacken. Irem Samson was tortured and declared dead to be retrieved out of the jail

A b

Legend: a) and b) show how Iren Samson was tortured for being falsely declared dead and retrieve from the jail circle on Jun 11, 2015.

The objective of this letter

In fact in the process of uncovering my identity and the details of the injustices I have been victim; I have been deliberately misleading by my mother's System and her accomplices. That is how they use their influence to lure me falling in their parallel program of Joseph Hassane that they did to hide my imprisonment and replacement to my mother by Mark Philips. In this same previous passport files I sent you with the email account mroger981@gmail.com and hcpsmanagement@gmail.com , I declared being born in the Nigerien region of Agadez on August 30, 1981 from Iren John and Hassane Issaka. Whereas I was born in London from Queen Elizabeth II and Prince Philip the same date as I said it in this letter. In the same passport file I declared falsely and mislead I was that Iren John flees Galveston for Niger, she met Hassane and give birth to me. All that is totally false as I said it, I am Prince Charles, the only son of Queen Elizabeth II and Prince Philip born in London on August 30, 1981. I have said in the same passport file that Oscar Wild (Hassane Issaka) was a journalist in ONEP before retiring. This is totally false, as he is only my jailer, jailing me for Queen Elizabeth II. It is in order to jail me through official circuit that he was made CIA and MI 5 agent, and even a marine that attend the golf war of 1991.

Moreover, the same Issaka Bana that I use as recommender was a mercenary of my mother's System deeply involved in my imprisonment (See page 11). He was even living that time less than 20 yards from the house I was jailed. He was there as mercenary

defended the imprisonment, though the British Consulate has influence on him. And he will confirm any lie my mother's system tell him.

Nevertheless, on the same British Consulate, Queen Elizabeth II as the one designated the Consuls and High Commissioners has huge power on it. The current British Consul is Susan Jarrette. For instance my mother uses her influence to even hide to me the British Consulate in Niger located in the French Embassy of Niamey. It is hardly that I saw a website reported in option being that of the Consulate. The website is designed such way that they can even claim that in Niger there is no British Consulate as the phone number of the Consulate that was written on the website does not look as the classical phone number of Niger. In fact I even heard that our Kingdom has a High Commission that was created recently just as the Consulate it is hidden to me. The systematic and consistent hiding of the Consulate and High Commission is in the same politics of my mother to hide her responsibility through the Consulate in the sacrilege and torture of Prince Charles. In the same period of misleading in 2015 I incorporated my company of political management Hi Candidate President Senator Limited in UK (England, London) under the false and criminal name of Joseph Hassane). The number of incorporation of my company is 9744357. In that same period of 2015-2018 I have done many American passport procedures at the American Embassy with the same false criminal names of Joseph Hassane, Joseph John or even Prince David Beckham Robert Joseph. I did also an evacuation procedure in the American Embassy of Niamey under the same name of Joseph Hassane in 2016. In March 2014 I went in the British consulate of Niamey for doing the passport of our Kingdom under the same name of Joseph Hassane, in the Consulate located in the French Embassy, the person (the person that received me was described as the British Consul in Niger, as his phone number was given me by the security at the entrance of the French Embassy who asked me to call him. When I call him he asked me to meet him in the Consulate on a Monday between March 12-20 2014. I will add that the British Consul in Niger is Susan Jarrett.) that receives me told me that for doing the passport I have to go in a country where there is British High Commission as Accra or doing the passport only on Gov.UK website. It was after that that I initiated this passport procedure by the end of March 2014.

By the end of September 2017 after I uncovered all the details of my identity and the injustices I have been victim, when I went at the same French Embassy for declaring my imprisonment and demanding being evacuated to London; the same security agents who were at the gate who gave me the number of the Consul declared not even knowing the name of England or Great Britain. It was then that a French agent standing few yards from them came to me; when I explain him the reason of my visit there, he told me that Great Britain does not have a Consulate in the French Embassy. When I insisted that it does have, he added anyway he would not let me enter in the Consulate, regardless the urgency and importance of my visit being demanded my evacuation when daily they were attempting to kill me.

I did also many votes registrations in England and Scotland during the period 2015-2016. In this central year of 2016 as my mother's system wants kill with her accomplices I sent a letter to the British Consulate here in Niamey, and to the British High Commission in Accra (Ghana) to demand my evacuation to London. I received any answer to both mails I wrote with the same false and criminal name of Joseph Hassane. In this year I sent an email to British Airways as Prince Charles to ask a ticket for taking a plane from Niger to London through their partner AirFrance, I receive until now any answer.

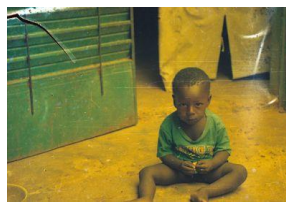

In this passport application previous files the pictures of the woman I sent to you are neither me nor that of my mother as I said it. Below are those pictures.

Legend: a) b), and c) are pictures of the parallel program of Joseph Hassane, the role of the mother was played by Sophie Humphries in a) and b), in c) the African American kid was alone in the picture.

It was Sophie Humphries one of the 5 leading mercenaries of my imprisonment and deportation simulating being my mother with an African American baby, holding in her arms and close to her in those pictures. Those pictures were edited in Galveston Texas by Queen Elizabeth II before my deportation in 1981. It is to be noted that the comparison studies of me and those persons are totally false. All the pictures of me since the starting of my imprisonment in 1983 where edited to hide my whitness and made me look as the mercenaries that are jailing me. Indeed my imprisonment is also an imprisonment of my true likeness all looking perfectly to my mother. Those pictures were not only transformed with computers softwares as photoshop but they were edited also by distorted and blackened cameras that distort my face shape and blackening it all in making it look as those of the mercenaries jailing. With some pictures my entire face was changed with those of Nigeriens. Just as the picture of African Americans that I sent you in this passport previous files are those mercenaries during their training in Texas, Austin's greatest hospital in the US in 1979.

Legend: a) is the picture of Queen Elizabeth II's mercenaries in Austin in 1979; b) and c) are the mercenaries simulating the kidnapping of an American kid named Joseph John simulated as the son of John Jason. In b) Oscar, Bradley and Martin, whereas in c) Oscar and Bradley.

Besides being married in option with Oscar Wild as we reported it, the same Princess Diana was married to Jean Bradley the second top mercenary of my mother's system. In the previous pictures I sent you the man and woman sitting on bicycles are Princess Diana and Jean Bradley at Diffa during the beginning of my imprisonment.

Bradley death was simulated in the imprisonment circle to retrieve him for it in 2017. After he was received by mother for thanking him for his criminal service in participating in the imprisonment of Prince Charles the last 35 years. Bradley is currently in Benin his country where he resumes his function of officers. Princess Diana was also optionally married to Oscar Wild as we reported it

Legend: a) Iren John and Oscar Wild in Diffa in 1983; b) Iren John and Bradley in Diffa in 1983; c) is the criminal and false Nigerien nationality; d) is the criminal and false Nigerien birth certificate; e) is Ibrahim Ali son of Jean Bradley and Issaka Bana the mercenary of Queen Elizabeth II's system jailing me. Bana is the one I put as the countersigning person in the previous file of the passport application.

Their pictures were put on my way and I was lured and brainwash to believe as my parents in the process of uncovering my past in 2014 as I said it. They were the 5 mercenaries that my mother recruited to imprison me in looking as my parents as I said it. I have of all my life never been in Texas or Galveston; and even my mother during my deportation step over in America in 1983 did not go in Texas. She visited; Los Angeles, Yosemite Park, Las Spring, Seatle and Virginia. It was with her 1991 visit of the US that she visited Texas. I have nothing to have with it.

The pictures with which I was brainwashed

A B C D

Legend: a) is the first picture that was taken in the Poudriere jail to start brainwashing in 1989. Nigerien kids were introduced in the house and presented as my cousins all of sudden (though I know that I am jailed and have nothing to with those kids just as my jailers) and I was snapped with them, and my face has been edited with softwares to make them look like theirs and those of my jailers, and the picture was developed in black to make the kid I was then believe that my whiteness disappeared. B) is the second picture took in 1992 in Mosque Koweit Wadata area. This picture continues the same false and criminal features give to my face in a). c) it is a picture of me in Croix Rouge in 1996 which continues the same brainwashing and fight it by letting me the whiteness of my toes. D) is a picture of 2002 continues all the different previous pictures. In my 35 years of imprisonment all the pictures that were taken to me, are false and criminal and take in account those false pictures.

Some early pictures of me and my parents

Legend: a) it is my mother on the bed after I was born of caesarian on August 30, 1981; b) I am baby in the arms of my mother and father in 1981; in c) and d) I am in the arms of my mother in 1982; at the end in e) I am with my parents in Balmoral in 1983.

I write you this letter to give you the proofs of my British citizenship and for having my passport and going back home. And you have identified me as Prince Charles as I was identified in Accra with the name Hassane Issoufou that I noticed clearly in the passport application. Then with this passport application should have with the same name identified me as Prince Charles. I even put the false and criminal birth and nationality certificates in the passport application. Of course proofs as his birth, nationality certificates cannot be asked to a political prisoner who was jailed since very young and his identity even hide to him, just as first passport cannot be asked to a British Prince Heir to the Throne who traveled without passport. As I noticed it in the overview of the injustices I have been victim I have endless proofs of my Britishness and the injustices I am victim. I will underline on September 11 while I was writing this file, I have escaped death of a little after I was attacked by Queen Elizabeth II's mercenaries and accomplices with a very lethal chemical weapon (bismuth) in a private school of Aeroport named CSP Relance. When I sued in the police station of Aeroport the responsible a Scottish mercenary, Karim Hassane acting for my mother I was not only denied justice, but I was even humiliated. How can a chemical attack being done in a country, and the authorities refuse to even take seriously the person and made due investigation? Whereas a simple medical test would show the bismuth in my organism as when I went in the police station I was

even suffering of the sickness of the chemical attack. The political authorities of Niger were corrupted and threatened by mother's mercenaries to swallow the crime. I spent many days sick. This is to underline the urgency of me getting quickly my British passport and going home.

NB: 1) he pictures of this files are all to be read from right to left (R-L). 2) All the pictures of me in Niger have been edited with softwares as Photoshop beside that their lenses were distorted and blackened to blacken me superficially and made me look as the mercenaries that are jailing me. Though the pictures of me in this file is me globally at 70% as the camera with which I took them is less distorted and blackened. 3) Please have more videos on my imprisonment by visiting the following Youtube Channels: a) that of me Prince Charles: https://www.youtube.com/channel/UCVlpz3KSj6ezxs5gVtOkD0Q?view_as=subscriber ; b) the Youtube Channel of BCST UK: <https://www.youtube.com/channel/UCLlxzNEFU3uXXNeiYmJnFQ> .
