

**Ace Home Improvement**

### **Mosquito Misting Systems –**

Discrete, effective and automatic control of the pesty insects  
that keep you from enjoying your outdoor living space.

Manufactured by Coastal Mister in Houston Tx and an Industry leader for over 16 years, you are assured that this proven system will rid your outdoor areas of such insects as Mosquitos, gnats, wasps, no-see-ums, horse flies, yellow jackets, and other biting insects.

This system is designed to automatically spray a fine mist in the areas that these insects breed and congregate. Installation is designed for your living space with clog free nozzles that are placed around your patio or pool area, shrubs and fence line, basically anywhere that your want to enjoy outdoor living bug free.

Our trained technicians consult with you on placement of the system prior to installation to ensure complete coverage. Designed to spray in 30 second increments in the morning and evenings when insects are active the most, the system also as a remote control to activate on demand to eliminate insects when you are outdoors.

Monthly visits by our technicians ensure your system is always topped off to maintain year-around control of insects.

#### **Protect your Pets**

This system will reduce and/or eliminate flees, ticks and other insects that effect your pets. Our timed misting systems use a blend of natural pyrethrum and a synthetic form of pyrethrum called permethrin to kill and repel a variety of annoying insects without exposing your animals to harsh chemicals.

*"I highly recommend Ace Home Improvement to install an affordable, eco-friendly misting system. I can personally attest to the effectiveness of this system" - Homeowner*
