My Paper Route Story

So I started my paper route around 2015 and 2016 and the one story that stood out to me was when I saw a black bmw m6 drift in a cul-de-sac. It was driving so fast that I got scared and mad at the driver as it drifted near a garbage truck. He was doing more than one and I think he was crazy. If you see the car in the left hand side, please call the police.
