

3. **The Crew:** the bad thing is that you cannot play with alones preset, the good thing is that you can play as a crew in the game and race and do everything with people. (Description: the crew is open world map game with expert cars and cop casing thought the map.

4. **Need for Speed Most Wanted 2005:** the bad thing is that you cannot keep the bmw m5 gt3 that you have, the good thing is that you can real life cars so if you starting to dive then this game pick a car. Description: this game is like the crew with open world map but this time you start with a car a bmw m5 gt3.

5. **Midnight Club LA:** the bad thing is that you start non fast car, good thing keep racing and getting money and buy new and fast cars. Description: midnight club is a real place on are map with is lost Angeles with good gaudies and nice muisse so ride the streets.
