

All About Me by: Moshin

My name is Moshin and I am 15 years old. I was born on July 17, 2003 at Surrey Memorial Hospital. I am an only child, but I have five cousins. I live with my grandparents in Surrey. My uncle, who is my mom's brother and my grandmother's son, calls everyday to see how I am doing. I like him because I enjoy our intelligent conversations. I am a kinesthetic learner and I learn best by doing things myself. My favorite subject at school this semester is math. I enjoy working with numbers because it messes with your mind. My friends at school are Marcus, Jayden, Nick, Chris, Brandon, Cody, and Paras. I think of a friend as a person who is always willing to lend a helping hand. I am a patriot for our men and women in uniform past, as well as those currently serving who are willing to pay the ultimate sacrifice. On the weekends I enjoy doing chores such as sweeping and mopping the floor, doing the dishes, wiping tables / counters, folding socks, shirts and jackets. Also, I help my grandparents with the groceries.

Most Powerful Video Game Characters by: Moshin

5. Deathwing – World of Warcraft

Like most RPG's, *World of Warcraft* has its fair share of monstrous enemies, but out of all of them Deathwing steals the show. A huge and powerful Dragon, Deathwing was one of the most fearsome creatures found in the WoW universe. His gargantuan size along with his armor-plated body allows him an incredible advantage in both close-quarter and distanced combat. His awakening split apart the land, causing all kinds of destruction. Deathwing has control over lava including an ability to control lava which is featured heavily in his attacks. He can also withstand ridiculous temperatures making dealing with him very tricky.

4. Bayonetta – Bayonetta Series

The sexy, sassy protagonist of the video game series of the same name, Bayonetta is undoubtedly one of the best looking video game characters ever created. She's also one of the strongest. Like other Umbra Witches, Bayonetta can slow down time making her an incredibly elusive target. Whether she's using her dual handguns, summoning demonic entities out of her hair or putting to use her superhuman speed and strength – Bayonetta makes quick work of enemies, routinely fighting off angelic entities. She also punched God so hard that she flew straight into the sun. Not many people can say they've done that. Stunning, stylish, and powerful, Bayonetta is a shoe in for this list.

Advice by Moshin

Over the years, I have found myself giving a lot of advice. My friends and teachers sort of see me as the 'wise' one. This column was inspired by those who have always believed in me. Here are this weeks questions that some readers sent in this past month. How did I do?

1. How do you deal with stress?

Moshin: I would start with saying "suck it up" but we all know that's not helpful at all. How I deal with stress is I talk to people I trust like my friends or counsellor. Going for walks is a great strategy because you are able to clear your mind and focus on the things that actually matter in life. We always forget to breathe!

2. How can you do well in a subject that you struggle with?

Moshin: Some kids tend to skip because they are avoiding the problem BUT that's not a great habit. The most important thing would be to ask for help. Your teachers always want you to succeed so they will help you no matter what! Another great way to do well is study and review daily. Remember practice makes perfect.
