

2019-2020 School Year

Dear Parents or Guardians of Key Club Members,

Your child is a returning member or is interested in being active in Oxford Academy's Key Club Chapter. Key Club is an international organization affiliated and sponsored by Kiwanis International. The main focus of Key Club is to engage in community service.

At Oxford Academy, Key Club is over 200 members strong. There are many activities planned for the year. Most are community service activities, such as helping senior citizens, beautifying the city, or even spending time with elementary school children. There are also a few social functions. These activities take place on weekends, after school, or in the evenings.

Please be aware that neither Oxford Academy nor the Anaheim Union High School District sponsors Key Club activities during these times. Students participating in Key Club activities are doing so on their own time and accord. The activities are not considered school activities. **Although adults supervise all events, please be advised that Oxford Academy teachers and staff members may not be present at these events.**

If you have any questions or concerns pertaining to Key Club or its activities, information regarding Key Club and Key Club events can be found on the OA Key Club web site at <https://keycluboa.wixsite.com/oakc>.

Sincerely,

Kellie Vosskuhler
Oxford Academy Key Club Advisor

Alicia Baillie
Oxford Academy Principal
