Abby, Scott and Steve;

Just a quick note to thank Hope and Help for driving attendance to last nights patient event at the Orlando Science Center! Thanks to Scott and Steve for taking the lead.

First of all, you were the only organization to accept our offer to display, and it was a huge hit!

Second, you all drove about half of the almost 100 people in attendance.

Finally, the insights Steve provided as a long term survivor during the discussion portion was spot on and extremely valuable!!!!

As usual, Hope and Help staff set the standard for all others to try to meet. Thanks for all you do for the Central Florida Community.

Sincerely  
Tom, Marcus and Susy
