ALTERNATION OF STATE OF HEALTH

ORIGINAL TPB

- 3 subsections
- 1. Aggravation according to time
- 2. Aggravation according to situation & circumstance
- 3. Amelioration according to position & circumstance

ALLEN'S EDITION

- 2 subsections
- 1. Aggravation
- 2. Amelioration
- Aggravation has so many rubrics, compared to amelioration
- Aggr. are much stronger bc. they are more often reported by the patient & more noticeable
- First day timings are given, followed by **periodicity**; clock timings not given
- Situational circumstances in alphabetical order; includes **new moon, injuries, burns, mental s/m** etc
