

DECODING THE SOUL OF SOCIAL WORLD 6

Dr SHALINI G UNNITHAN MD(Hom.)

Prof. & HOD

Dept of Repertory

SVRHM, Nemom

DEPT OF REPERTORY, SVRHM, NEMOM

- "ഡോക്ടർ ഞാൻ വിചാരിച്ചതിനേക്കാൾ ചെറുപ്പം ആണല്ലോ?" മലർബാണൻറെ പുഷ്പശരം പോലെയുള്ള ആദ്യത്തെ അമ്പേറ്റ് ഞാൻ ധൃതംഗപുളകിതനായി...

MIND – FLATTERING ^S – pleasing with exaggeration or without sincerity

MIND – AFFECTATION: ^K (1) *Stram.*

– artificiality of manner or conduct; artificial behavior in order to **impress others** or to get favour from others

AFFECTATION

BECAUSE THERE IS A DESIRE TO REMAIN IN THE LIMELIGHT.

THIS IS DONE BY WAY OF PROJECTING ONE'S PROMINENCE IN APPEARANCE, QUALITY OR MANNER WHICH IN REALITY ARE NOT ORIGINAL AND ARE ARTIFICIALLY ACQUIRED.

THIS IN OTHER WORDS IS SELF PROJECTION TO SATISFY ONE'S EGO WITHOUT HARMING OR CHEATING OTHERS BUT WITH A TINGE OF EXAGGERATION OF ONE'S QUALITIES, ETC.

- MIND – ECCENTRICITY^K: (1) *verat.*
- MIND – FLATTERY, desires:^K (1) *Pall.*
- MIND – LONGING – good opinion of others; for^K – *Pall.*

- "ഡോക്ടർ ഒന്ന് തുറന്നു നോക്കിയേ, എൻറെ എല്ലാ ബിപിയും ഉയർന്നു തന്നെയാണ് .ഞാൻ ഒരു നിമിഷം പോലും ഉറങ്ങിയിട്ടില്ല.ഡോക്ടർ തന്ന മരുന്നാണ് അതിന് കാരണം“
- "അതിനു ഞാനായിട്ട് പുതിയ മരുന്നൊന്നും എഴുതിയില്ലല്ലോ.“
- "അപ്പോൾ വേറെ മരുന്നൊന്നും എഴുതിയില്ലേ?? അതൊന്നും എനിക്ക് അറിയേണ്ട ഡോക്ടർ ഇത് ശരിയാക്കണം".

- "ആദ്യം വന്നപ്പോൾ മരുന്നുകൾ നോക്കി ഞാൻ പറഞ്ഞിരുന്നല്ലോ കാലിലെ നീരിന് ഇതാണ് കാരണമെന്ന്."

- "ഇത് അതുകൊണ്ടല്ല ,ഡോക്ടർ പുതുതായി എഴുതിയ മരുന്ന് കൊണ്ടാണ്.ഞാൻ നെറ്റിൽ വായിച്ചു ". പുതിയ മരുന്ന് 0.01% പേർക്ക് നീര് ഉണ്ടാകുമെന്ന് ഞാൻ വായിച്ചു. എനിക്ക് അതാണ് കാരണം."

- "ഇത് എന്തിനാണ് കഴിക്കുന്നത്?"
- "സോഡിയം കുറഞ്ഞാൽ എനിക്ക് ഭയങ്കര പ്രശ്നമാണ് "
- "അതിനിപ്പോ എല്ലാം ഓക്കേ അല്ലേ?"
- "എന്നാലും risk എടുക്കാൻ വയ്യ."
- "ഡോക്ടർ പറഞ്ഞോ?"
- "ഇല്ല ഞാൻ നെറ്റിൽ വായിച്ചു. "

ANXIETY, HEALTH ABOUT

- A feeling of nervousness n fear for one's disease and **giving too much emphasis** to avoid severity.
- Fewest health problems bothers them easily and consult physician
- Reassurance gives temporary relief.
- Aim is to avoid severity in future

my feet are
numbing, i'm
developing
diabetes!

am i losing
my hearing?

is this a
heart attack?

everything
is getting
worse!!!

is this rash going to
kill me?

am i dying?

is this a migraine, or a
silent stroke?

i can't breathe,
i'm having an
allergic reaction.

am i going
crazy?

is this lump
normal or do
i have breast
cancer?

am i
anemic?

that mole
didn't use
to be there!

CRAZYHEAD
COMICS

- A patient came with complaint of slight frothy urine. RE urine was normal. When she was told that there is nothing serious, she didn't agree. But frequently asked whether there was any medicine for her or any other investigation to be done..

- **HYPOCHONDRIAC**

HYPOCHONDRIAC

- These people continuously develop an unreasonable n overwhelming fear that they have a serious illness, **despite normal lab reports n constant reassurance**. It is an intense fear about disease.

- **MIND - ANXIETY**
 - Hypochondriacal

- MIND - ANXIETY - hypochondriacal
