Paint works

Jumbo Crafts Ltd offers comprehensive solutions for both interior and exterior painting of buildings. Our paint works include works for every single part of your building. We paint kitchens, bathrooms, lavatories, dining rooms, staircases, bedrooms, living rooms, corridors / hall ways among others. Further, we also do commercial or corporate paint works for offices, restaurants, malls, banks, supermarkets, schools among others.

Our painters are well trained (**NITA certified**) and have the necessary hands on experience in doing both fresh painting and re-painting works.

In addition to doing ordinary painting works, Jumbo Crafts Ltd also has the expertise in applying decorative paint to your interior and exterior walls, thus giving them a luxurious finish. Some of the decorative paints we do apply include: Africa, Arthe Metal, Caravaggio Line, Decora Line, Rust Style, StuccoMarmo, Travertino, Velatura Line and Zhepyro Line.

Contact us immediately for your interior, exterior and decorative paint works.
