

STARTRUN

Action	Explanation
STARTRUN	This is a start run message, initiated by block-clerk, which indicates that a run is about to be started. Also, this message allows the system to retrieve and filter all of buyers information who are currently logged into the sale and any online buyers that enter the sale after the start run message will not be able to participate in the current run.

BIDREC

SUBBID

Action	Explanation
SUBBID	This is a message which acknowledges that a bid has been submitted by an online bidder (including proxy bids). This message only gets invoked when an online bid (including proxy bids) is submitted and the reason for having this feature is to let the block clerk know that an online bid has been submitted since the online bidder is NOT physically in the same place as the block-clerk.
Type	Definition
I	INTERNET BID
P	PROXY BID
T	THEATER BID

SOLD

Action	Explanation
SOLD	This is a sold message, which is invoked by block-clerk. There are two types of sold messages, pending and confirmed. When this message is invoked for the first time, it will always be in pending status. It needs another sold message (confirmed status), which will complete the sale of the vehicle. Also, the sale can be rejected by the clerk as well. The vehicle can be sold as an IFSALE.

Type	Definition	
I	INTERNET BID	
L	LANE BID	
T	THEATER BID	
Flag	Definition	Explanation
Y	IF SALE INVOKED	The vehicle is sold as an IFSALE
N	IF SALE NOT INVOKED	The vehicle is not sold as an IFSALE
