

Seller Dashboard Admin

Sometimes you will get a call from a Manheim employee that needs Seller Dashboard Admin. They need this access to approve reconditioning or order services on vehicles in Seller Dashboard. Currently at this time, Tier II cannot grant that access. At this time, you must send an email to Michael Stack or his backup Douglas Moski requesting the person to be given Seller Dashboard admin. They both work for CAI - MAN - Team Odachi <man.TeamOdachi@coxautoinc.com>. CC that team on your email. They will need the name of the person and the user name they are using.

Not a Seller Dashboard Admin

2015 Honda Civic Sedan LX
Style 4dr CVT LX Trim LX
