Holidays in the planning

With the closing of the UK Guiding Centres, we are having to look elsewhere to book for a UK trip.

We sent out a UK trips survey to all our members in January (and a gentle reminder in March) to ask for thoughts and ideas on locations, types of accommodation and days out.

The idea if we can try to find out what our members want we can plan a trip to work for those interested in coming.

Responses are coming in and when we have more of an idea, we will inform the members of what we are planning.
