General Information

Points of Note:

The idea of Appi Travels compensation plans is to:

Start at a level you can afford. My Recommendation is the Tri-Pack at \$179

Bare in mind if you start at a higher level. You cannot get commissions from people in your team that opens up in the lower levels. Please remember this.

In your back office you will see all the available plans.

If you have not purchased a plan. It will be shown in Red. Paid plans are in Green and active.

Always follow your Sponsor. never jump ahead of the sponsor by opening an Higher level plan than him or her. It wont benefit you at all.

Let the system do the incrementation its designed to work on auto pilot.

All you need to do as a member is bring in referrals and help your team get referrals.

If everyone in your team takes action. You will be in the money very quickly. and it just goes from strength to strength.

Save some money back from your earnings to move up the levels. Get to the higher commissions .

The Appi Fund 2 x 2 matrix A Simple concept Multiplying system

The 4 Products side by side

The leverage is your pass ups to your sponsor. But in turn you will get passed up to when the spaces get filled by your referrals. Do not get discouraged by the pass ups. Its how the system has to work.

APPI Blue Print – Power of 2, No one left behind

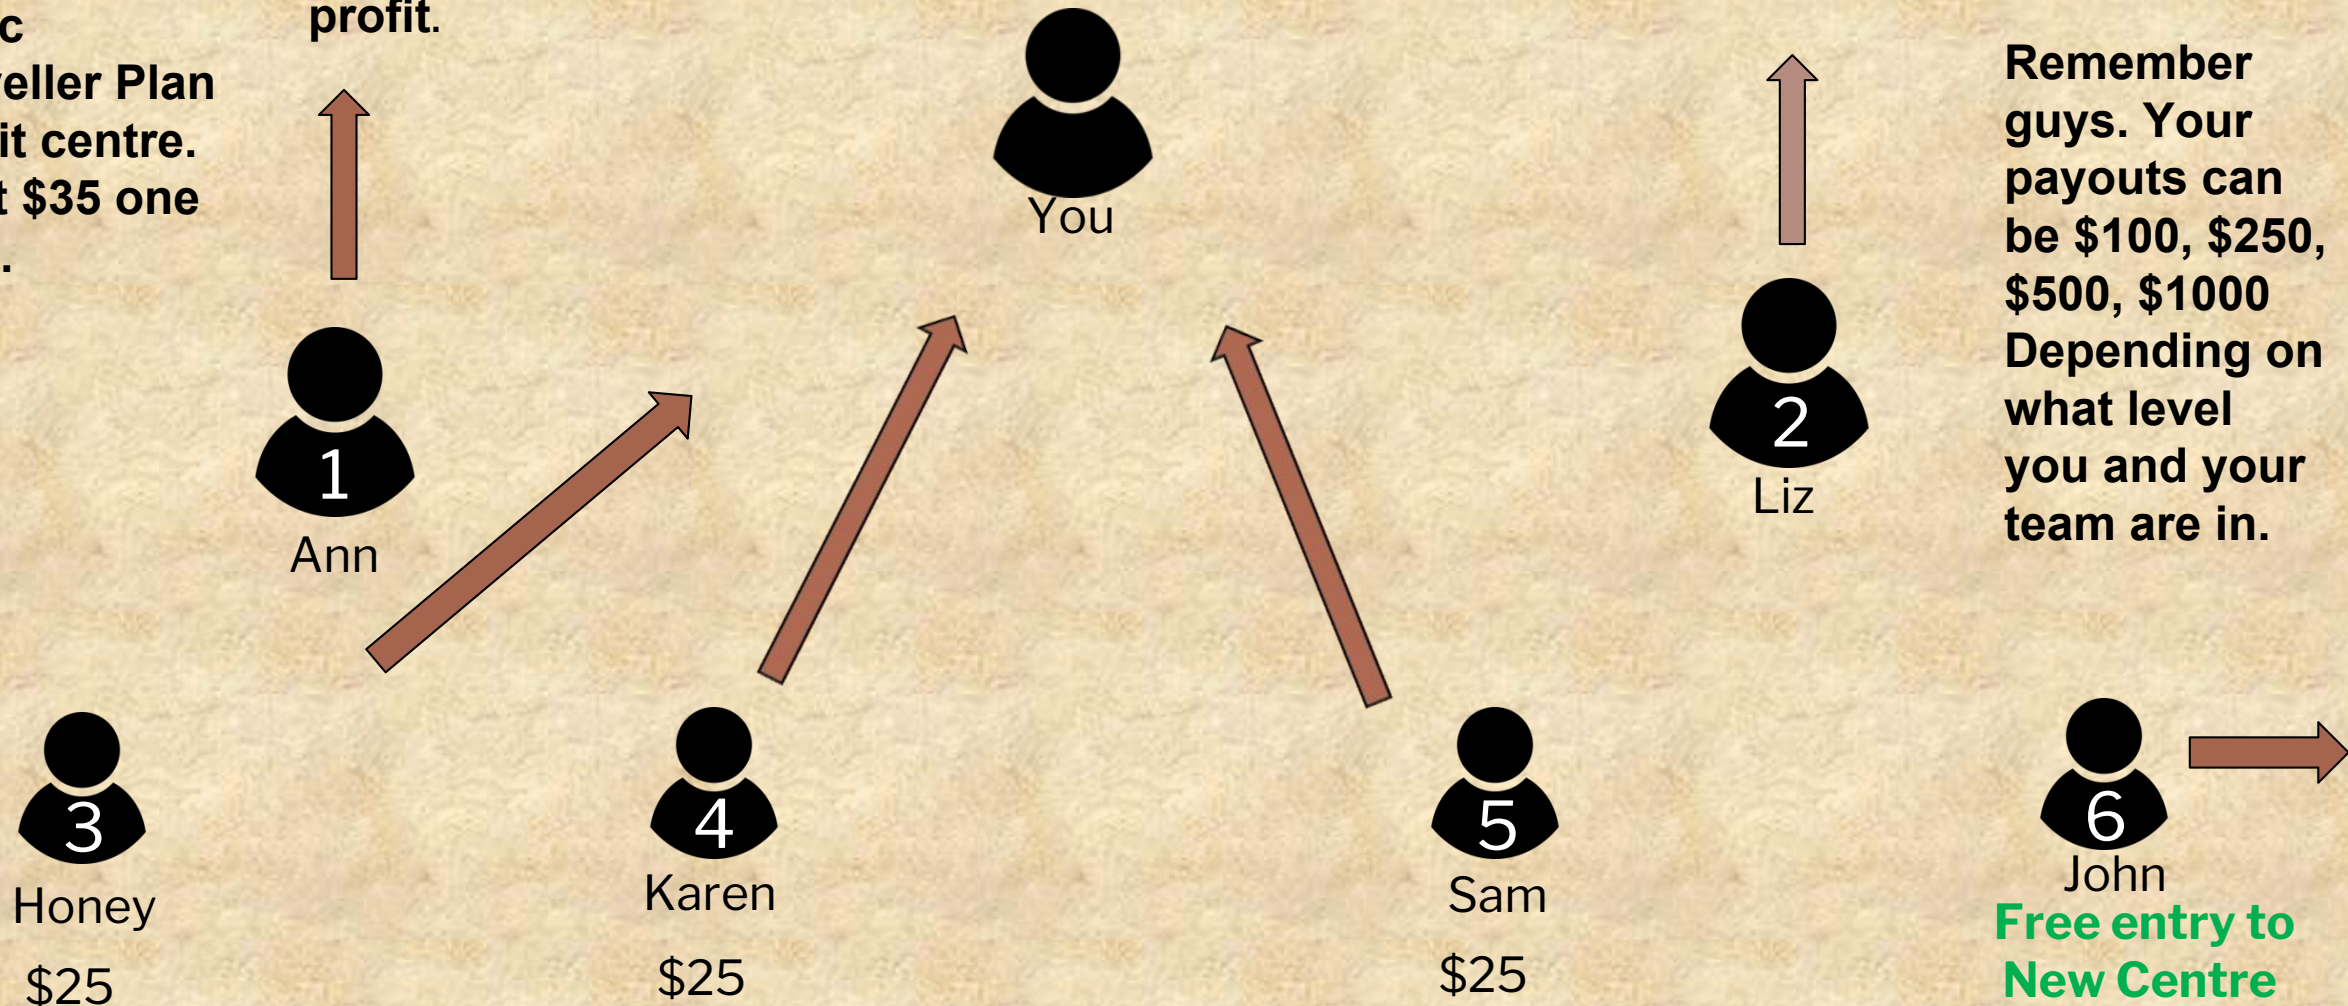

This is the
basic
Traveller Plan
Profit centre.
Cost \$35 one
time.

You can only have 6 people in a profit center. The
system has been designed for speed and maximum
profit.

Leverage = 1 & 2 go up

Remember
guys. Your
payouts can
be \$100, \$250,
\$500, \$1000
Depending on
what level
you and your
team are in.

Useful Information About How You Benefit

But Guys Remember on the pass up. you keep the person. you only pass up the commission value in the Appi fund.

When you recycle and open a new profit centre. You can add new referrals. And when your original team fill up their profit centres and recycle. they fall back under you.

In this way you recycle quicker.

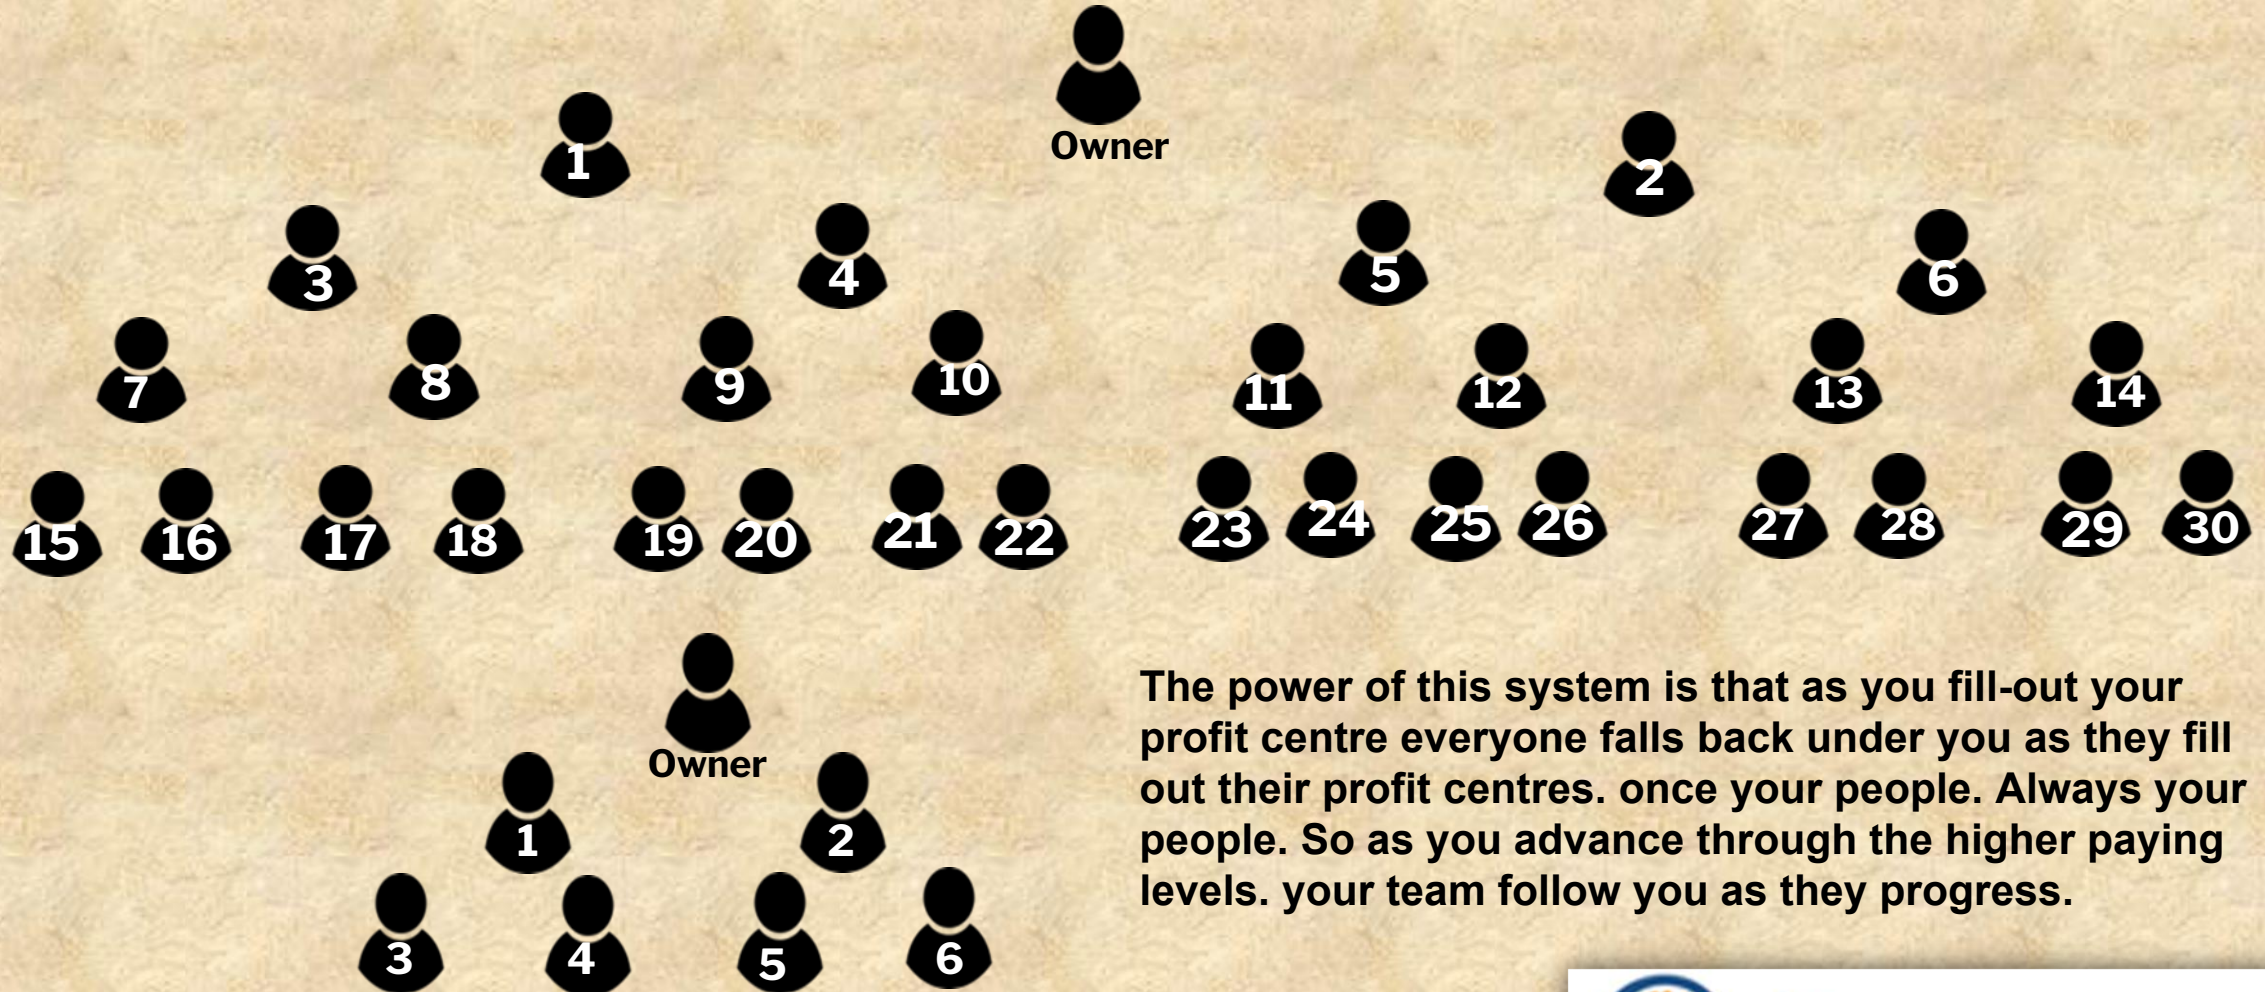

Always try and help your team members get people. its a people helping people concept. It speeds up the recycle process. Everyone wins.

As soon as you have enough funds in your back office. Upgrade. As you can see in slide 4 the higher commissions you earn at each level.

Each time you upgrade to a new level. you still get paid from the lower levels as people come into your community and they come through the ranks. So your getting paid on multiple levels.

HOW TO RECEIVE PAYMENTS OVER AND OVER

The power of this system is that as you fill-out your profit centre everyone falls back under you as they fill out their profit centres. once your people. Always your people. So as you advance through the higher paying levels. your team follow you as they progress.

Building Your Asset levels Example

The next two slides are an example of how to progress through the plans starting with the basic \$35 Explorer package.

You do not have to follow this method. but it gives you an idea of how it works and ultimately getting paid from multiple level simultaneously.

Very effective to say the least.

But the new way of thinking is to purchase the TRI-PACK. working three plans together to get the maximum out of the system. and upgrade as and when affordable.

I hope this section of the presentation has helped you get to grips with how the **Appi Fund** works.

Next we move on to the **Even up** packages. This is where things start to get interesting. As you will see how fast the money multiplies and you benefit from your pass ups with a 100% match up. You do not loose out.

This is paralleled in the industry totally unique to Appi Travels.

The basics are : the team you have already built, will follow you Into the Even up packages.
There are 3 levels in the even up all giving higher payouts as you open them up in your back office.

Always remember guys. With the Appi fund and the even up packages. You only pay out of pocket 1 time. To go to an higher level. you pay from your profits.

Each one of your people can bring in as many people as they wish. This will result in your matrix going deep. it can go to infinity.

The beauty of the even up is that from your referrals. every second person they bring into the system passes up to you the sponsor. . Example: Odd numbers stay with your referrals the even numbers move up to you and start working for you. Likewise with your efforts. you pass up your even numbers to your sponsor.

There is nothing to stop you keep bringing in people from your efforts. this will create overspill and you hand them over to your down line. Do not be discouraged by this. it is healthy for your community to grow quicker and you can all progress to the higher levels. Thus bringing in higher commissions faster. Remember its about people helping people.

SYNOPSIS

THANK YOU FOR YOUR TIME GUYS. MUCH APPRECIATED. AS YOU HAVE SEEN. THESE COMPESTION PLANS ARE TRANSFORMING PEOPLES LIVES BY IMPLEMENTING THE POWER OF 2.

- THE FORMULA IN ITS BASIC FORMAT IS:
- YOU THE SPONSOR
- INTRODUCE 2 PEOPLE
- WHOM INTURN INTRODUCE 2 PEOPLE EACH. AND SO ON.
- THERE IS NOTHING MORE TO IT THAN THAT.

OF COURSE YOU CAN BRING IN AS MANY DIRECT REFERRALS AS YOU LIKE. THIS WOULD HELP BOOST YOUR REVENUE IN THE EVEN UP AND VIP PLANS GREATLY. THE VIP PLANS BEING YOUR PENSION FUND SO TO SPEAK.

PEOPLE LEARN IN DIFFERENT WAYS AND AT DIFFERENT SPEEDS. ONCE THE PENNY DROPS. EVERYTHING FALLS INTO PLACE AND YOUR BRAIN GOES INTO OVERDRIVE AT THE FINANCIAL POSSIBILITIES OF THIS UNIQUE BUSINESS.

YES I REPEAT. THE WORD BUSINESS. TREAT THIS AS YOUR VERY OWN BUSINESS. LEARN HOW THE SYSTEM WORKS. HELP THE PEOPLE YOU BRING IN, TO UNDERSTAND THE SYSTEMS MACHANICS. KEEP PROMOTING APPI TRAVELS WITH FAMILY, FRIENDS WORK COLLEAGUES.

ON SOCIAL MEDIA. ANYWHRE AND EVERYWHERE. BUT DO IT IN A WAY TO PEAK PEOPLES INTEREST. AND NOT BY COMING ACROSS AS SOME MEDIOCRE PLAN.

THIS IS SOMETHING TO BE PROUD OF. IT HAS STOOD THE TEST OF TIME. AND WILL CONTINUE TO DO SO FOR MANY DECADES TO COME.

FAILURE IS NOT AN OPTION
