

Individual Creative Project

The creative project represents an individual and unique expression of the experience, identity and cultural background of each student. The creativity of the student will be observed and reflected under any type or variety of artistic genre (literary, musical, dance, painting, etc.). This document provides you with the guidelines to represent your identity through this work. A two-page written reflection in Spanish is required, explaining why he chose artistic genre, as well as the applicability to a study classroom. (Written in double space, Times New Roman, size 12 pts).
