Spelling
Bee

Spelling Bee Rules:

- 1. The pronouncer announces the word to be spelled. He speaks slowly and clearly, without distorting the normal pronunciation of the word. He uses the word in a sentence and says the word again.**
- 2. The speller listens carefully to the pronouncer and asks for the word to be repeated if necessary, or asks "Can you please say the sentence?" since they have learned vocabulary in context.**
- 3. The pronouncer can use the word in a sentence or give a definition if the speller requires it**
- 4. When the speller is sure she understands the word, she pronounces it, spells it and then says the word again. She must say it loudly enough for the judge to hear it.**
- 5. Only the judge(s) determines whether or not the word was spelled correctly.**
- 6. If the correct spelling was given, the speller continues in the game.**
- 7. If the spelling was incorrect, that speller is eliminated from the game. The judge gives the correct spelling of that word. Then the pronouncer reads a new word to the next student.**
- 8. When there are only two spellers left, if one player misspells a word, the other player must spell that word correctly, plus one more word to be declared the winner of the spelling bee.**
