

## **CREATE IMAGE FILE FROM CD, DVD, OR BLU-RAY DISC**

1. Click "Copy" button on toolbar, then select "Make CD / DVD / BD Image File..." from the popup menu.
2. The "Make CD / DVD / BD Image File" dialog will pop up, choose the source drive and destination file type and name, then click OK to start making.
3. A dialog will pop up showing the making progress.

**THAT'S ALL THANKS**
