

SURESTEP™

Foley Tray System

REVISED SCHEDULE

The BARD Company will be doing inservices on the new **Surestep™ Foley Tray System** which allows for proper Foley catheter insertion and maintenance techniques. This system is part of an ongoing initiative to prevent catheter associated urinary tract infections (CAUTIs).

Please make every effort to attend one of the inservices.

Target Audience: RNs – Foley catheter classes
Techs – Foley care wipes (on unit)
