
MAGNET DATA ANALYST FINDINGS

TIME FRAME: 2Q 2017 – 1Q 2019

Kathy Calabro

kcalabro@northwell.edu914-366-3508

1. FALLS WITH INJURIES

Inpatient:

- ☒ Majority of the units outperform the benchmark (all hospitals mean) the majority of the time. 5/7 - **Opportunity: 5South, 5 North**

5 South interventions 4Q '18-1Q '19:

- Patient Education on purposeful rounding: Video, brochure, rounding champions

5 North interventions 1Q '19-2Q '19:

- Fall prevention strategies reinforced: 15 min rounding, purposeful hourly rounding, discussed during daily brief.

Outpatient:

- ☒ Majority of the units outperform the benchmark (all hospitals mean) the majority of the time. 10/10

2. HOSPITAL ACQUIRED PRESSURE INJURIES STAGE 2 AND ABOVE

- ☒ Majority of the units outperform the benchmark (all hospitals mean) the majority of the time. 5/5

3. CENTRAL LINE BLOOD STREAM INFECTIONS

- ☒ Majority of the units outperform the benchmark (all hospitals mean) the majority of the time. 5/5

ICU had 1 CLABSI infection 4th Q '17

Intervention:

- Addition of chlorhexidine to the bundle

5North had 1 CLABSI in 2nd Q '18 and 1 CLABSI in 4th Q '18

- Purchase of the 3M Curoc Disinfecting Port Protectors in 1st Q '19

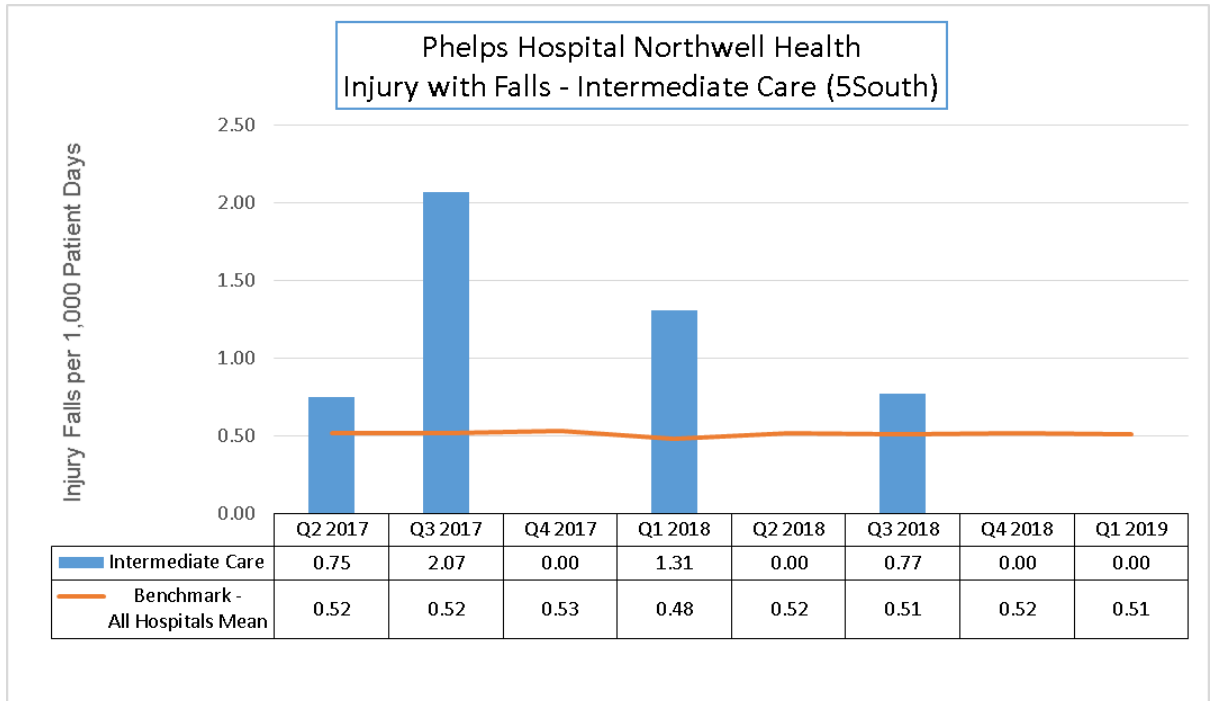

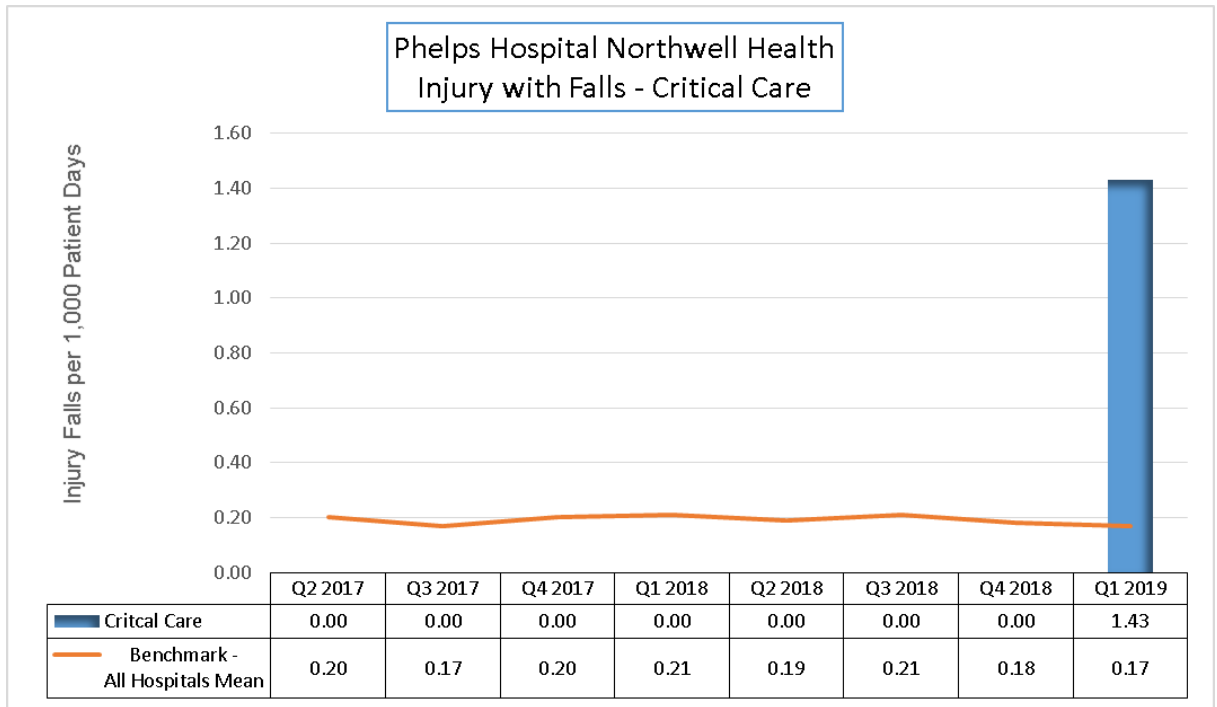

4. CATHETER ASSOCIATED URINARY TRACT INFECTIONS

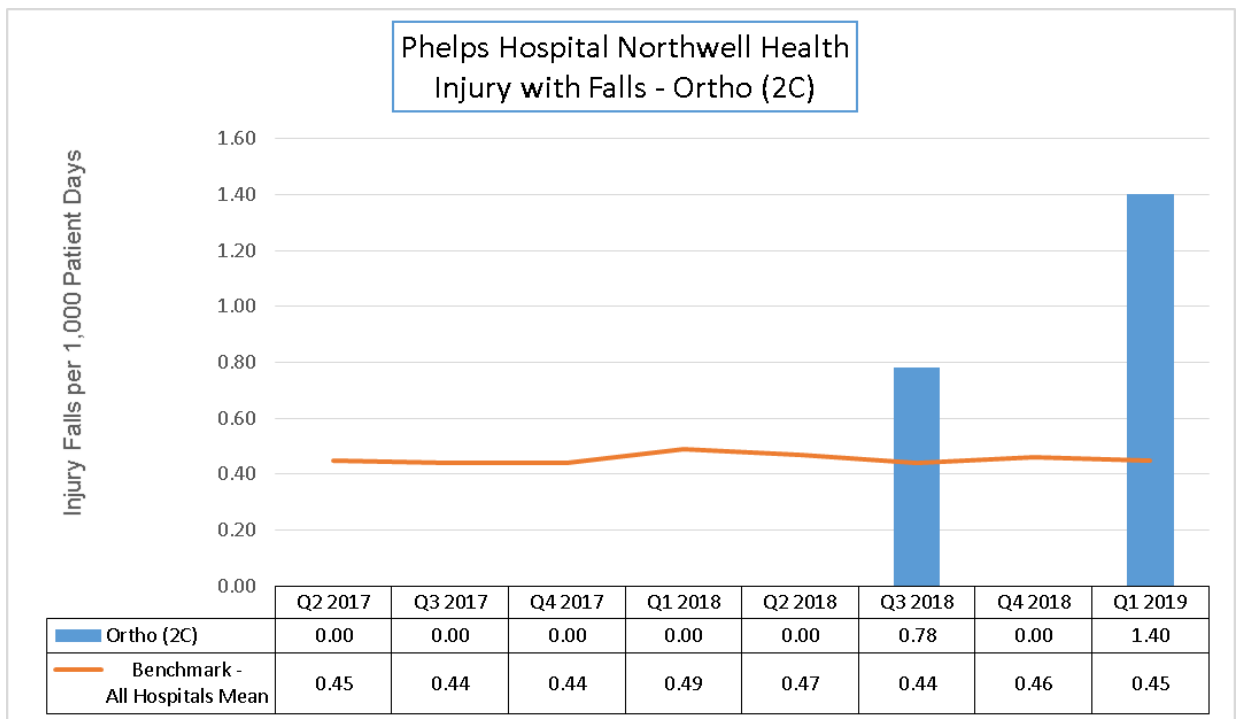

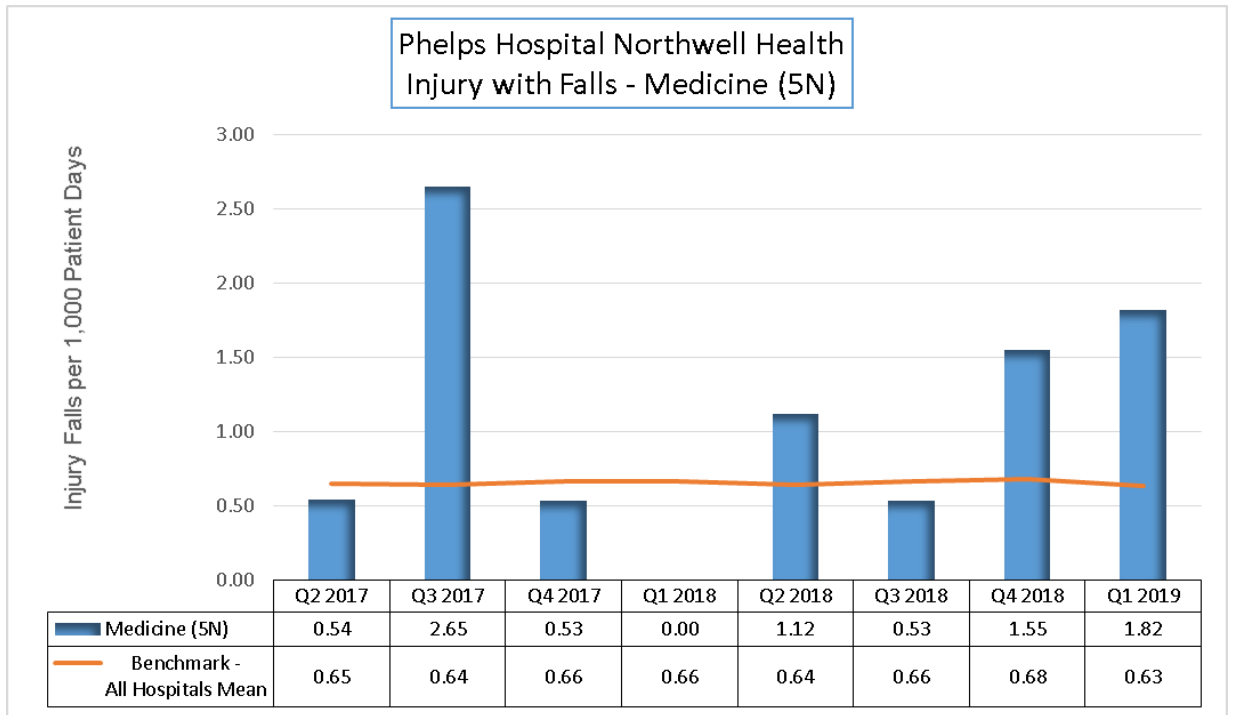

- ☒ Majority of the units outperform the benchmark (all hospitals mean) the majority of the time. 5/5

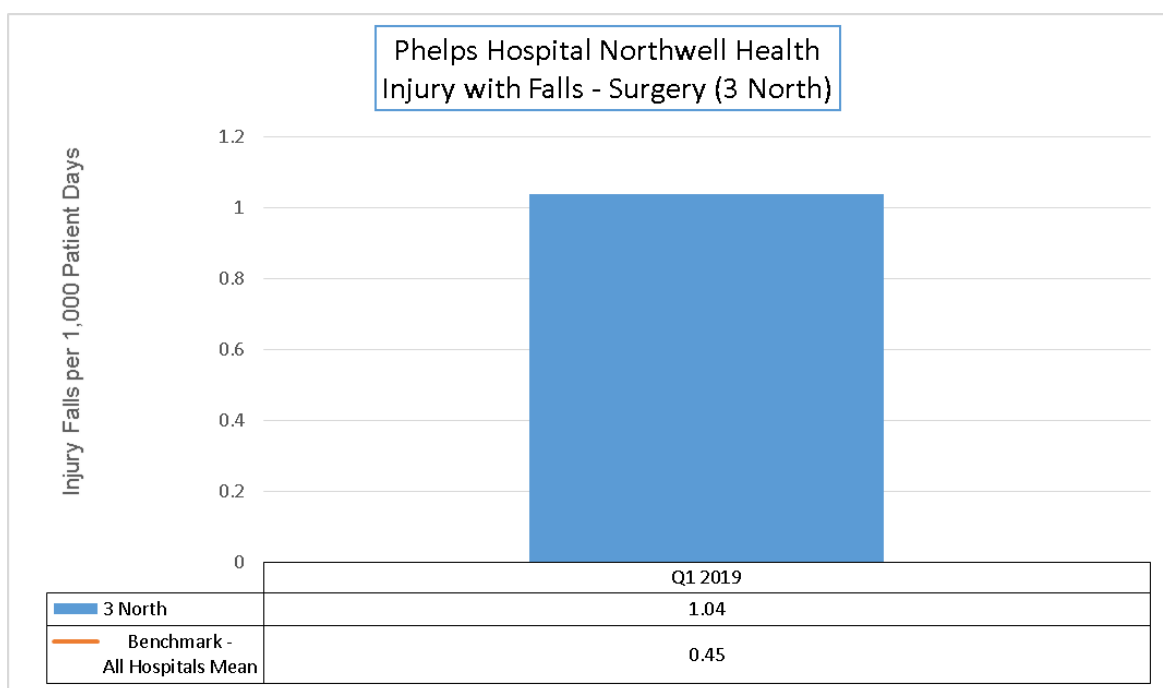

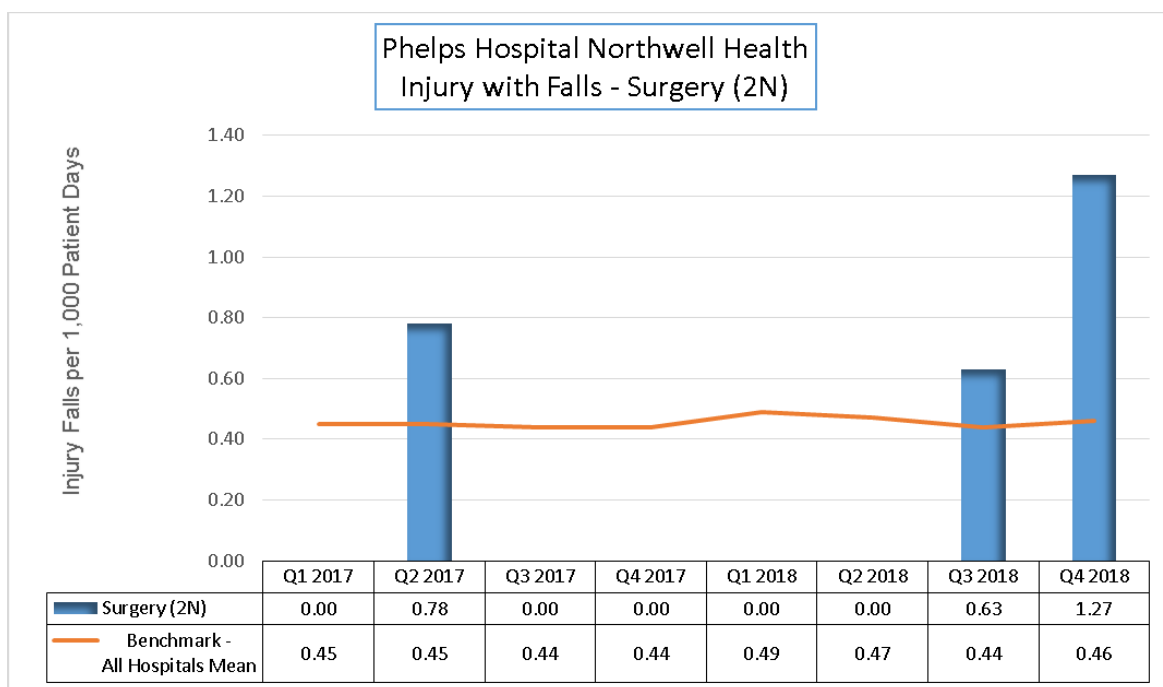

1st Q '19 Opportunity: 3 South, 5 South

March '19 - New Bard SURESTEP® Foley Trays introduced along with mandatory education on insertion and maintenance.
