Location	WWCR				
Date	1-12-21				
Time	16:00-17:00				
Conducted By	Deborah Reynolds				
Topic/ Facilitator	Discussion	Staff Input & Feedback	Action	Magnet Components	Strategic Plan Indicator
Products Deborah (Debi) Reynolds	<ul style="list-style-type: none"> Each month product of the month (or 2) will be presented by a committee member Product information including: price, indications, side effects, frequency, etc. can be discussed 16 new Low Air Loss beds were delivered to 2C in December 	<ul style="list-style-type: none"> Debi wanted to clarify that the Cavilon Advance wands require 30 seconds of dry time (not 90 as presented last meeting). 	<ul style="list-style-type: none"> Debi will send out a sign-up list via email Debi will send out an outline to use for gathering information about the product Low Air Loss beds need pink labels 	<input type="checkbox"/> Transformational Leadership <input type="checkbox"/> Structural Empowerment <input checked="" type="checkbox"/> Exemplary Professional Practice <input checked="" type="checkbox"/> New Knowledge, Innovations and Improvements	<input type="checkbox"/> People <input checked="" type="checkbox"/> Patient Experience <input checked="" type="checkbox"/> Quality <input type="checkbox"/> Financial Performance <input checked="" type="checkbox"/> Operations
Stage of the month- Stage 1 Debi Reynolds	Review of Stage 1 Pressure Injury <ul style="list-style-type: none"> Skin is intact, pink, and non-blanching Must be a result of pressure Reactive hyperemia is a normal response to the skin trying to get more oxygen supply and should resolve once the pressure is off and the blood supply restored 	Nerissa Douglas discussed a patient that had non blanching skin related to pressure. Making a distinction between purple (DTP) and pink (Stage 1) skin can be challenging. Debi reviewed that color changes may not be seen in darker pigmented skin and the nurse must depend more on tissue firmness, pain, and color changes	Debi will speak on Stage 2 pressure injury in February.	<input type="checkbox"/> Transformational Leadership <input type="checkbox"/> Structural Empowerment <input checked="" type="checkbox"/> Exemplary Professional Practice <input type="checkbox"/> New Knowledge, Innovations and Improvements	<input type="checkbox"/> People <input type="checkbox"/> Patient Experience <input checked="" type="checkbox"/> Quality <input type="checkbox"/> Financial Performance <input type="checkbox"/> Operations

		such as gray/lighter/darker versus pink and purple			
Pressure Injury Data Debi Reynolds	<ul style="list-style-type: none"> November 2020- Prevalence 4th quarter – no HAPI’s November 2020 HAPI Incidence – 6 December 2020 HAPI Incidence – 11 	The PI Incidence has increased during this COVID-10 surge. Patients often acquire PI’s prior to expiration.		<input type="checkbox"/> Transformational Leadership <input type="checkbox"/> Structural Empowerment <input type="checkbox"/> Exemplary Professional Practice <input checked="" type="checkbox"/> New Knowledge, Innovations and Improvements	<input type="checkbox"/> People <input type="checkbox"/> Patient Experience <input checked="" type="checkbox"/> Quality <input type="checkbox"/> Financial Performance <input type="checkbox"/> Operations
Education and Projects Debi Reynolds	<ul style="list-style-type: none"> Reviewed WOCN article about Staff PI’s r/t N95 mask Career Ladder projects r/t the PIR Team and Skin Champion role <ul style="list-style-type: none"> * Co-chair to this committee * Education projects 	<ul style="list-style-type: none"> Liquid film barrier (Skin prep) is suggested for added protection from face masks. Additional layers of products (hydrocolloid, foams, etc) require fit testing in order to ensure a proper fit 	Notify Debi if interested in becoming a Co-chair of this committee or of doing an education project (must be preapproved by Organizational Development)	<input type="checkbox"/> Transformational Leadership <input type="checkbox"/> Structural Empowerment <input type="checkbox"/> Exemplary Professional Practice <input checked="" type="checkbox"/> New Knowledge, Innovations and Improvements	<input checked="" type="checkbox"/> People <input type="checkbox"/> Patient Experience <input type="checkbox"/> Quality <input type="checkbox"/> Financial Performance <input type="checkbox"/> Operations

	<p>* competency stations (s/p COVID)</p> <ul style="list-style-type: none"> • Shining the Light Wound Care Conference • Wound care for patient with COVID in isolation rooms. • Wound/Ostomy cart on order. 	<ul style="list-style-type: none"> • Amanda Dayton, Sandee Sy, and Julie Yeager attended the virtual Northwell wound conference. • Much of the discussion was about COVID and skin/wounds <p>Debi discussed the challenge of gathering supplies for wounds in COVID + rooms.</p>	<ul style="list-style-type: none"> • Amanda said that she and Sandee Sy could speak to the team members about the pearls they gathered in a future meeting <p>Debi prepared a template to be hung outside isolation rooms showing a list of the wounds and supplies needed for dressing changes, prior to entering. Will email template to members and discuss next meeting.</p>
