March 4, 2021

Dear team members:

In 2020, our donors gave generously to celebrate and honor our amazing and dedicated Phelps team members. One of the ways our donors demonstrated this generosity was by contributing to our new "People Caring for People" Education fund to support continuing education for our staff individually, or for group education. Their funding was matched by our auxiliary. The details for eligibility and the application process are explained in the two attached applications...[individual](#) and [team/group](#).

We encourage you to take advantage of this opportunity. This is an investment in you, intended to enhance your ability to provide exceptional service and to develop and grow in your career. If you have any questions, please contact Pam Lipperman at 914-366-3172 or [Plipperman1@northwell.edu](mailto:Plipperman1@northwell.edu).

The applications will be reviewed and funds disbursed on a rolling basis; we encourage you to apply now for individual opportunities and/or to discuss ideas for team-based training with your manager.

With gratitude for your dedication and service to Phelps,

Eileen Egan, RN, Esq.  
Executive Director

and the entire People Caring for People Education Fund Selection Committee:

Tracy Feiertag,  
Mary McDermott, RN  
Robbins Gottlock, MD  
Jill Scibilia  
Nancy Fox, RN  
Theresa Rocco
