

Meeting Name	Pressure Injury Resource (PIR) Team		Council/Meeting Minutes	Please check off all components and indicators that relate to each topic being discussed.	
Location	MSB 235				
Date	3-9-2021				
Time	16:00-17:00				
Conducted By	Deborah (Debi) Reynolds				
Topic/ Facilitator	Discussion	Staff Input & Feedback	Action	Magnet Components	Strategic Plan Indicator
Rhonda Osbourne RN	1. Product Presentation: Venelex, Balsam of Peru 2. Discussed about uses of Venelex and its benefits 3. How to use Venelex and dosage 4. Contraindications and Side Effects 5. Price depending on amount 6. Not FDA approved	Debi to speak about why using a product that’s not FDA approved -Debi had no knowledge of not FDA approval	Emailed Brian McGrinder from Pharmacy- contacted Pharmacist from Northwell. Vasolex- has trypsin ingredient which is an animal enzyme. Ingredient taken out. Venelex made with just remaining ingredient of Balsam of Peru and Castor oil. FDA not approved possibly from not having enough research of working and not in Northwell guidelines -Deborah Reynolds, BSN, RN, CWOCN	<input type="checkbox"/> Transformational Leadership <input type="checkbox"/> Structural Empowerment <input type="checkbox"/> Exemplary Professional Practice <input checked="" type="checkbox"/> New Knowledge, Innovations and Improvements	<input type="checkbox"/> People <input type="checkbox"/> Patient Experience <input checked="" type="checkbox"/> Quality <input type="checkbox"/> Financial Performance <input type="checkbox"/> Operations
Deborah Reynolds, BSN, RN, CWOCN	Next meeting: a) April 13, 2021 b) Gift Napa present Calcium Alginate c) Sample will be available d) Product still open for presentation e) Ostomy cart stocked soon to be available for use f) Quick change wrap- picture for demonstration. Trial was liked, was stopped at level of cost analysis (purchasing).			<input type="checkbox"/> Transformational Leadership <input checked="" type="checkbox"/> Structural Empowerment <input type="checkbox"/> Exemplary Professional Practice <input type="checkbox"/> New Knowledge, Innovations and Improvements	<input checked="" type="checkbox"/> People <input type="checkbox"/> Patient Experience <input type="checkbox"/> Quality <input type="checkbox"/> Financial Performance <input type="checkbox"/> Operations

	g) Power point presentation sent to Kathy Calabro uploaded to nursing website as resource				
Carolynn Young, MS, RN, GERO-BC, ONC	<p>Revised Documentation - Input</p> <ul style="list-style-type: none"> a) Charged after surge to decrease the redundancy of nursing documentation in Meditech b) Small group of Med-Surg clinical nurses looking at admission interview c) Started with 12 pages to 7 pages d) Presented to educators, speaking to legal, case management e) What can be eliminated and what is needed? f) Look over skin and shift assessment- will wait for input- Given to Debi g) Page 3 what is in current admission, pressure points area 	<p>Wondering about skin condition part, skin or body in general? Carol Daley</p> <p>If Ostomy intervention already available, and ostomy in general assessment, can that be eliminated? Deborah Reynolds</p> <p>Documenting on one area for skin assessment. For example, things that will not change for people, like scars etc -Deborah Reynolds</p> <p>For example, Port for IV- Amanda Dayton</p> <p>Standalone for Critical care and shift assessment that will ask those questions- Deborah Reynolds</p>	<p>Is looked as body in general-Carolynn Young RN</p> <p>Suggest standalone only for admission Carolynn Young RN</p>	<ul style="list-style-type: none"> <input type="checkbox"/> Transformational Leadership <input type="checkbox"/> Structural Empowerment <input checked="" type="checkbox"/> Exemplary Professional Practice <input type="checkbox"/> New Knowledge, Innovations and Improvements 	<ul style="list-style-type: none"> <input type="checkbox"/> People <input type="checkbox"/> Patient Experience <input checked="" type="checkbox"/> Quality <input type="checkbox"/> Financial Performance <input type="checkbox"/> Operations

		<p>Braden score- Allevyn used a lot-Silicone foam placement on assessment- placement on area of body-Deborah Reynolds</p> <p>Document silicone foam for prevention, for example did not put one on lateral ankle and develop lateral ankle same as what we are doing now Elizabeth Keogh RN</p> <p>Documenting different areas of body with scars etc- Adele Whyte</p>	<p>Will like additional recommendations on Silicone Foams- Carolynn Young</p> <p>Explanation by Deborah Reynolds, BSN, RN, CWOCN</p>		
Deborah Reynolds, BSN, RN, CWOCN	<p>Stage 2 pressure injury will speak about on next meeting</p> <p>Sheets for documentation will be sent</p> <p>Next meeting April 13th</p>				

Respectfully Submitted,

Roxanna McKenna
