

# Special-T Caring for Pediatric Patients

**Date:** October 26, 2021

**Time:** 8:00am-4:30pm

**Location:** Phelps Hospital Auditorium

**Prerequisite iLearn modules:**

1. Pediatric growth and development
2. Pediatric pain
3. Pediatric child abuse
4. Pediatric Fluid and electrolytes
5. Special needs

**Course Description:**

This Program is designed to enhance the knowledge base and skill level of the novice pediatric nurse, as well as the expert nurse working in a predominantly adult care area that also care for children (i.e., ED, PACU, ambulatory surgery centers). The goal of this course is to enhance knowledge, practice skills and techniques and standardize pediatric competencies. This class is highly interactive and uses simulation-based format to develop the skills to care for sick children.
