Suggestions Ideas

Schedule Next Meeting

Minutes for Friday, February 22, 2019 Advisory Meeting

Attendance: Rick Dunn, Alvin Sheats, Michael Bosby , Jackie Bosby , Andrew Todd, Ebonique Bosby-Carter , Broderick Flanigan , Clothilda Barnett

Started at 3:30 Ended at 5:00pm

Minutes

Suggested that the electronic version be typed to added to the records

Guide Booklet Approval:

Jackie Bosby (JB) presented the student guide to the advisory members present. She went over the idea for a Video library for (Alvin and Clo) as an idea for the students to do in an internship- She suggested everyone look closer at the booklets and figure out where they fit in within the booklet for their internship.

It was mentioned that Audio/Video correlates and can be included into a - Shadowing Program. And possibly and in house Career Day

Feeder Program:

Michael Bosby presented what was proposed to him as new CTEA programs for Middle School Students and Media was not one of them. Everyone agrees that we need to push the idea of the middle schools being a feeder program. The administration is looking at it (30 day program-survey)?????

AV Advisory *suggestions*

Film 1 – h be presented at the high school,

Allow the program to be dual enrollment as a pilot program at a middle school

Michael Bosby wants to go to the board to talk about feeder program, but he was advised not to do so yet

Certification:

MB explained what was needed for the program to be certified he felt the students would feel cheated if they couldn't get certified when they leave film 3. Rick Dunn feels the certification shouldn't be the focus but the experience the kids will get from the class should be the highlight more. He feels we should look at ways to promote the program. MB and Rick agreed to bring to AV students to do a promo on Education Matters - take it to the public (Rick)

April 10 - CTAE Dinner at 6pm at Career Academy

Shadowing/Internships:

JB went back to the Booklet asking everyone to give an idea for their page in the book.

In-house shadowing/internships

Film 2 - shadowing

Film 3 - internships

Last comment (JB) - she will go to the Governors Board or School Board to present the feeder program that the AV Advisory Board suggests.
