

AV Technology & Film Pathway

Advisory Minutes

2/27/24

(Prepared by Jackie Bosby)

Present: Instructor-M. Bosby, Jackie Bosby, Broderick Flanigan, Michael Cardin, Jeff Montgomery, Rick Dunn and Jessica Lonon

Following brief meeting and dinner the advisory group had an additional meeting in the classroom.

M. Bosby shared on what activities the film III class was doing, also sharing the plan to drop the ceiling and box in part of the room to have a classroom and a studio.

M. Bosby shared about his concerns of not being allowed to take all of his students to the SkillsUSA competitions.

Jessica stated that maybe he should consider taking about 3 students because then they will come back and tell the other students

Michael Cardin agreed

Both Jessica and Michael Cardin piggy backed on being able to take a few was better than not taking any

M. Bosby went and got the CTAE Director for Jessica and Michael Cardin to ask a question, the CEO also came in

Jessica and M. Cardin explained how important it was to have the students attend these competitions, Michael Cardin stated they should be sponsored

Mr. Ramirez (CTAE Director) agreed then asked what were they asking

Jackie Bosby said for you to pay for it

Mr. Ramírez said no, that the school districts pay for the memberships but they can not pay for competitions. He stated that the instructor is required to have fund raisers to raise the funds. He said that many programs set up a student enterprise

Jackie asked if the students could sale commercials mentioned a grant she found and ask was that ok both the CTAE Director and the CEO nodded yes, she continued to inform the

group of a grant she found that if awarded they would have the funding for 20 students for the entire year.

Jeff Montgomery asked Mr. Ramirez could it be a service?

Mr. Ramirez smiled and said yes

Jeff Montgomery then asked how much did it cost per student?

Jackie answered \$340.00 per student, this would cover the Perry trip, 1-overnight field trip and 1 competition entry fee.

Everyone agreed that wasn't bad, but they all understood every student's family may not have that.

Jeff Montgomery agree with M. Bosby of the experience the students would get from attending and said he had a few ideas

Jackie explained they needed \$7,000.00 just for SkillsUSA and that if she gets the grant she would like to implement a Community Service Incentive Program for the students to earn the funds needed by participating in projects coordinated by the instructor. They have to earn 100 hours which will give them a \$5.00 credit per hour. It was also explained that those that don't get the entire 100 their hours will be calculated for activity.

M. Bosby showed everyone the thank you posters that will be created and put on the walls from businesses that donates. He spoke about the certification

In conclusion, M. Bosby showed everyone videos his students had created.
