Passerby

Hello to you,
You passerby,
You passerby,
You passerby.

Goodbye to you,
You passerby,
You passerby,
You passerby.

Why are her loves
Just passersby,
Just passersby,
Just passersby?

Why did you have
to pass her by,
you passerby- no- *passersby*,
and make her cry,
and say goodbye,
but never lie?

I'm *tired* of these passersby
who leave her dry
(and by her I mean me, and by dry I mean sad)
and *are* all our differences ReAlLY that bad,
if meeting me made you so very glad?

If world politics
and religious nit-picks
just didn't exist
I would not be remiss

To say we could be *frogs*
that sit on a log
in our favorite bog

But we're not-
We're just specs
on a floating rock
who pay taxes on socks
(*but actually not in Pennsylvania- there's no clothing tax here*).

But for what it's worth,
before we met, I couldn't remember the last time a man bought me dinner,
and that's *got* to mean something... right?

To Be On The Record For The Good Of The Order:

I'm sorry, but I love you.
I'm sorry, but it's true.

When you look at me
I play make believe,
and when you leave
I don't even grieve,
because you live inside my head
where we've already been wed,
and we're relaxing in our bed
discussing favorite books we've read.

The notion that a man could love me
needing not to ever touch me
may have been a fantasy,
yet one we lived (just fleetingly).

It wasn't that you ever asked.
I wondered if you would, in fact.

I can't stand the way
you walk away
from me
so easily
to kindly set me free
when I don't *really* want to be.

I'm sorry, but it's true.
I'm sorry, but I love you.

When We All Get To Heaven

Impanation
Consubstantiation
Transubstantiation
Rumination
Unconvention
Reinvention
Representation
Transfiguration

Are there saints, and should we talk?
Does it matter which translation I bought?
Wearing white or wearing cream-
and does it matter what it means?

But the way I love you, and the way you love me-
I'd say it's a very Godly thing.

Did Adam and Eve always see eye to eye?

Or did they just love 'til they took to the sky?
