Dear Mr.Mohammed Ali Ahmed Humran,

Thank you for your email 24/07. Please find the attached invitation letter and hotel confirmation for visa application. We hereby advice you that you need to issue a new passport, because the period of validity should be at least 6 months on your passprot when you apply visa, but the date of expiry on your passport is not enough. We wish this invitation letter could be helpful to you with showing your new passport and old one together to the Visa Department of Chinese Embassy in Yemen. Please let us know if you need more help. Thank you for cooperation.
