**Att.:
President
Mr. Mohammed Humran
The Union of Arabian Academics**

Dear Mr. Mohammed Humran,

In order to boost the conditions for the development of inventive, patent, licensing and innovative activity the 22nd Moscow International Salon of Inventions and Innovation Technologies “Archimedes” will be held on March 26th-29th, 2019 in Moscow (Russia).

Traditionally, Salon “Archimedes” is supported by WIPO, IFIA, Federal Service on Intellectual Property, Ministry of Defense of Russian Federation, Union of Machine-builders of Russia, Chamber of Commerce and Industry of Russian Federation, regional representations of Russian Federation.

Previous Salon “Archimedes-2018” gathered participants from 26 different countries and 55 regions of Russian Federation. They successfully presented more than 700 inventions and innovative technologies. Up to 80% of presented technologies are being implemented into manufacture.

All the inventions of participants of the upcoming Salon will undergo a selection and evaluation by Expert commission and International Jury of Salon “Archimedes”. The best of them will be awarded with bronze, silver and gold medals and special prizes of Salon and our partners.

The following events are planned as a part of the upcoming Salon:

- International exhibition of inventions, innovative technologies and new products and services;
- International exhibition and presentation of trademarks and names of places of origin of goods “Trademark – LEADER” with demonstration of goods and technologies of the leading Russian and world trademarks;
- Complex of educative events at “Inventor’s University” (conference, seminars, round tables, lectures);
- Presentations of innovative projects of national delegations;
- Business meetings, briefings of inventors with investors and manufacturers

of industrial production;

- Demonstrations of popular scientific movies about the achievements in science and technology, public presentations and lectures, as well as other side events.

This year special attention will be raised towards the following topics:

- IT industry, with a competition for the special prize “The best invention in the field of IT”;

- Biotechnology and medicine, with a competition for the special prize “The best invention in the field of biotechnology” (supported by partner of Salon Biochem Agent LLC);

- Ecologically safe products and means of environmental protection, with a competition for the special prize “The best innovative project on environmental protection”.

All the information on Salon “Archimedes” is disposed on the website: www.archimedes.ru.

I am sure that participation of representatives of innovators’ community of your country in 22nd Salon “Archimedes” will help them to find new partners both on Russian and international market and sign perspective contracts. We are ready to assist them in establishing the contacts with leading organizations of your profile on the Russian market.

I kindly ask you to provide us assistance in organizing a joint delegation of inventors, industrials and manufacturers of innovative products on behalf of your association.

Participants who apply before 31st of December 2018 will receive 10% discount on participation as well as priority in the choice of the exhibition booth.

You can find information about more details including logistics, and suggested cultural program as well as other extra services.

Please note that the final deadline for the application is February 20th, 2019.

If you have any further questions regarding the event please feel free to contact us, we are open to assist you:

Ms. Maria Kolesnikova, tel.: +7(495)366-14-65, +7(495)366-03-44, e-mail: mail@archimedes.ru.

Best regards,
President of the
Moscow International Salon of
Inventions and Innovation Technologies "Archimedes"
Dmitry Zezyulin

Shcherbakovskaya Str. 53, Bld.B Moscow 105187, Russian Federation
